Chairman's Message

The global economy has experienced modest growth, supported by easing inflation and stable financial conditions, prompting a shift toward monetary policy easing. However, structural risks such as high debt levels, policy uncertainties, climate threats, geopolitical tensions and trade disruptions continue to challenge vulnerable economies. While growth remains insufficient to fully recover from recent global shocks, the banking sector has demonstrated resilience.

On the domestic front, Fitch Ratings highlights strong remittance inflows, robust agricultural exports and tight policy measures as key contributors to Pakistan's economic stability and foreign exchange reserve rebuilding. As we conclude the year, we take pride in our Bank's unwavering commitment to overcoming challenges while maintaining a customer-centric approach for all stakeholders.

MCB Islamic Bank (the Bank) posted an impressive profit before tax of Rs. 9.11 billion, despite a 9% decline in policy rates and challenges in meeting the Advances to Deposit Ratio (ADR), which impacted targeted deposit growth and profitability.

The Bank's total assets grew by 15% to Rs. 307.34 billion, with net financing increasing by 34% to Rs. 119.35 billion and Investments stood at Rs. 146.60 billion marking 11% growth. Operating income increased by 5% to Rs. 19.91 billion, benefiting from favorable yield curve movements. However, operating and other expenses increased by 34%, driven by business expansion, branch network growth and Information Technology (IT) infrastructure investments.

Key performance indicators remained strong with Return on Assets (ROA) at 1.48% and Return on Equity (ROE) at 18.62%. Additionally, the number of transactions grew by 42% in volume and 48% in value on a year-over-year basis, underscoring the Bank's growing customer engagement and operational efficiency. The Current and Savings Account (CASA) concentration reached 79%, while total deposits stood at Rs. 209.11 billion as of December 31, 2024.

Demonstrating its strong financial position, the

Pakistan Credit Rating Agency (PACRA) upgraded the Bank's long-term rating to "A+" from "A" and reaffirmed its short-term rating of "A-1" with a stable outlook. The Bank also received notable industry recognition, winning the "Best Emerging Islamic Retail Bank in Pakistan 2024" award at the Islamic Retail Banking Awards in Dubai. Additionally, PayPak acknowledged the Bank as one of the top issuers of PayPak debit cards in the "Win Gold with PayPak 2024" and Q4-2023 campaigns.

A significant milestone in 2024 was the acquisition of 39 branches from MCB Bank Limited, under a Scheme of Compromises, Arrangements and Reconstruction approved by the Honorable Lahore High Court. Following the Court Order, the banking business, assets, liabilities and operations of these branches were converted into Islamic banking branches and formally transferred to our Bank, effective from close of business on November 15, 2024.

The Bank's management remains committed to strengthening its position among Islamic banks through a comprehensive strategy centered on digital banking, customer-focused products and branch network expansion. This strategic direction reflects our dedication to innovation, customer satisfaction, market growth and operational excellence, driving the Bank toward its long-term vision and ambitious goals.

In the end, I extend my sincere gratitude to the Chairman and the Board of Directors for their leadership and continued guidance. I also express my appreciation to the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan, other regulatory authorities and the Shari'ah Board for their unwavering support. A special acknowledgment goes to our dedicated team members, whose commitment and hard work drive the Bank's success and position it for substantial growth in the years ahead. Their dedication strengthens our resolve to serve our valued customers with excellence, innovation and passion. With a shared vision, teamwork and steadfast commitment, I am confident that we will continue to exceed expectations and create lasting value for our shareholders, customers, employees and regulators, In Sha Allah.

ECONOMIC REVIEW

The global economic landscape has shown modest improvement since June, with stable growth despite persistent challenges. Key structural risks such as high debt burdens, policy uncertainties, climate-related threats, geopolitical tensions, particularly in the Middle East and global trade disruptions continue to pose concerns. Inflationary pressures are easing without triggering a significant slowdown in major economies, leading to a broad shift towards monetary policy easing. The International Monetary Fund (IMF) projects a decline in global inflation from 6.7% in 2023 to 5.7% in 2024. However, economic growth remains insufficient to fully offset the prolonged impact of successive global shocks, particularly in vulnerable economies. Despite these headwinds, the global banking sector remains stable, benefiting from improved financial conditions. The IMF and World Bank forecast global GDP growth of 3.2% [2023: 3.3%] and 2.7% [2023: 2.7%], respectively, for 2024, reflecting a pattern of steady but modest expansion.

Shifting focus to the domestic economy, Pakistan has witnessed positive momentum in the first half of Fiscal Year (FY) 2025, marked by a stable exchange rate, declining inflation and positive real interest rates. The approval of a USD 7 billion Extended Fund Facility (EFF) by the IMF and the announcement of a 10-year Country Partnership Framework (CPF) by the World Bank Group on January 14, 2025, underscore international confidence in Pakistan's economic direction. Investor sentiment remains strong, as reflected in an 84% surge in the Pakistan Stock Exchange since December 2023. Further strengthening the economic stability are rising foreign exchange reserves, a surplus current account and increased private sector credit uptake. The IMF forecasts a GDP growth rate of 2.5% for FY 2024, a notable recovery from the negative 0.2% growth recorded in 2023.

In December 2024, the National Consumer Price Index (CPI) recorded a substantial decline, dropping to 4.1% year-on-year, compared to 29.7% in December 2023. This sharp reduction was primarily driven by lower food prices and favourable global oil trends. The State Bank of Pakistan (SBP) projects headline inflation for FY 2025 to average between 5.5% and 7.5%, indicating a more stable inflationary outlook. In response, from June 2024 to January 2025, the SBP undertook significant monetary easing, reducing the policy rate by 1,000 basis points, bringing it down to 12%, signalling a shift towards a more accommodative monetary stance.

In October 2024, Large-Scale Manufacturing (LSM) recorded a marginal year-on-year growth of 0.02%, marking a shift from the significant contraction of 5.79% observed in October 2023. The current account balance turned surplus at USD 1.21 billion during July–December FY 2025, compared to a deficit of USD 1.4 billion in the same period of the previous year. Exports increased by 7.2% to USD 16.23 billion, while imports rose by 9.3%, widening the trade deficit to USD 11.51 billion. Workers' remittances surged by 32.8%, reaching USD 17.8 billion, further supporting external account stability. As of December 31, 2024, foreign exchange reserves stood at USD 15.93 billion. Reflecting improved investor confidence, the KSE-100 Index closed at 115,127 points, marking an increase of 52,676 points since December 2023.

The Islamic banking industry demonstrated substantial growth in the first half of 2024, with total assets increasing by Rs. 695 billion and deposits rising by Rs. 614 billion. As a result, total assets reached Rs. 9,689 billion, capturing an 18.8% market share, reflecting a 7.7% growth during the period. Deposits totalled Rs. 7,363 billion, representing a 22.7% market share and 9.1% growth. Additionally, the branch network expanded to 5,196 branches by the end of June 2024, further strengthening the industry's outreach and financial inclusion.

RISK MANAGEMENT

The Bank's Risk Management Framework encompasses governance, organizational structure, policies, procedures, risk assessment methodologies, early warning systems and reporting mechanisms. Operational risk is mitigated through comprehensive data collection, including operational losses, near-miss events, control breaches and risk control exercises. Business continuity and disaster recovery plans are regularly reviewed, with staff training focused on enhancing risk awareness.

Charity is a fundamental pillar in fostering a thriving society and the Bank remains committed to giving back, in line with the Islamic principle of Ihsan, both directly and indirectly.

To prevent misuse, customers are required to contribute to a charity account in the case of late payments. Furthermore, during Shari'ah audits, if any transaction deviates from the established Shari'ah compliance guidelines, the income from such transactions is directed to the charity account. In 2024, Rs. 21.5 million was disbursed from the charity account on behalf of customers to support various charitable organizations, as detailed in Note 21.2 of the Financial Statements.

TRADING OF SHARES OF THE BANK

The Bank is presently a non-listed entity; therefore, no transactions involving the shares of the Bank were executed by the Directors, executives, or their spouses and minor children during the year 2024.

AUDITORS

The outgoing auditors, M/s. A. F. Ferguson & Co., Chartered Accountants, who are eligible for reappointment, have expressed their willingness to continue for the next term. Following the Audit Committee's recommendations, the Board endorses the reappointment of M/s. A. F. Ferguson & Co., Chartered Accountants, as the statutory auditors for the financial year ending December 31, 2025.

FUTURE OUTLOOK

The global economy demonstrated resilience in 2024, with inflation easing globally, although at an uneven pace. While advanced economies are approaching their target inflation levels, several emerging markets and

developing economies (EMDEs) continue to face persistent inflationary pressures. However, downside risks remain, including heightened policy uncertainty, shifting trade policies, escalating geopolitical tensions, persistent inflationary pressures and climate-related challenges. These risks pose heightened vulnerabilities, particularly for low-income economies. Navigating these challenges will require decisive global and national policy measures, focusing on safeguarding trade, addressing debt vulnerabilities and promoting investments in human capital and infrastructure. The IMF projects a decline in global headline inflation to 4.2% in 2025, down from 5.7% in 2024. Meanwhile, global growth forecasts from the IMF and World Bank stand at 3.3% [2024: 3.2%] and 2.7% [2024: 2.7%] for 2025, indicating modest but stable economic expansion.

Pakistan's economic outlook remains cautiously optimistic, contingent on the timely resolution of key structural challenges. The declining inflation is expected to stimulate industrial activity, while reduced economic uncertainty could strengthen business and investor confidence, driving higher investment inflows. However, despite the continued stabilization of macroeconomic indicators, fiscal and monetary policies are expected to remain measured and prudent. The government's efforts to support farmers through modernization and innovative agricultural practices aim to enhance crop production levels, though weather-related risks remain a key concern. Comprehensive reforms in the energy sector, public institutions and climate resilience are critical for sustaining long-term economic stability. The IMF projects Pakistan's GDP growth to rise from 2.5% in 2024 to 3.0% in 2025, reflecting a gradual recovery.

The banking sector is facing increasing risks, particularly in the areas of credit, operations and cybersecurity, driven by the rapid growth of digital financial services. To mitigate these risks, the sector must adopt a robust and proactive approach to strategic risk management. In line with these evolving challenges, the SBP has recently revised its guidelines on Profit & Loss Distribution and Pool Management. The updated regulations mandate that Islamic banks must ensure a minimum profit of 75% on Rupees savings deposits (excluding those from financial institutions, public sector enterprises and public limited companies) relative to the weighted average gross yield of all pools. While these changes aim to improve transparency and better align depositors' returns with market performance, they present short-term profitability challenges for the Islamic banking sector.

Despite the challenges ahead, we remain steadfast in our commitment to sustainable growth. Our strategy focuses on enhancing profitability through the acquisition of cost-effective deposits, optimizing asset management and accelerating our digital transformation. We are also investing in robust IT infrastructure, prioritizing employee satisfaction and adopting best-in-class management practices. With a forward-thinking approach, we are well-equipped to navigate the evolving banking landscape, maintain our leadership position and continue thriving.

ACKNOWLEDGMENT

On behalf of the Board and management, we express our sincere gratitude to our valued customers, esteemed business partners and shareholders for their continued trust and support. We also appreciate the guidance provided by the State Bank of Pakistan, the Securities & Exchange Commission of Pakistan, other regulatory authorities and our Shari'ah Board. Furthermore, we commend the dedication of our staff, whose exceptional efforts have been instrumental in driving the growth of our franchise, even amidst challenging business conditions.

بینک نے گزشتہ سال سے 5 فیصد کے اضافے کے ساتھ 19.91 بلین روپے کی کاروباری آمدنی حاصل کی جس کے باعث پیداواری اثاثہ جات کی آمدنی کی شرح 17.52 فیصد رہی اور خالص سپریڈ کی شرح 6.80 فیصد پر درج کی گئی۔ تاہم کاروباری مقدریت میں اضافے، برانچ نیٹ ورک میں نمایاں فروغ اور انتظامی ڈھانچے میں قابل ذکر سرمایہ کاری کے باعث کاروباری اور دیگر اخراجات میں 34 فیصد کا اضافہ ہوا۔ پائیدار منافع کو یقینی بنانے کے لیے اس اضافے کی، موثر انتظامی کنٹرول کے ذریعے کڑی نگرانی کی جاتی ہے۔

بینک نے گزشتہ سال کے 5.15 بلین روپے حجم سے معمولی کمی کے ساتھ 4.24 بلین روپے کا منافع بعد از ٹیکس رپورٹ کیا۔ فی حصص آمدنی بعد از ٹیکس سال 2023ء کی 3.31 روپے کی سطح سے کم ہوتے ہوئے 2.73 روپے فی حصص پر رہی۔

اس سال کے دوران معزز لاہور ہائیکورٹ کی جانب سے منظور کردہ سمجھوتوں اور تعمیر نو کی اسکیم تحت ایم سی بی بینک لمیٹڈ سے 39 برانچوں کے حصول کا نمایاں سنگ میل بھی عبور کیا گیا۔ عدالت کے حکم کے تحت ان برانچوں کے بینکنگ کے کاروبار، بشمول اثاثہ جات، واجبات اور آپریشنز کو اسلامی بینکنگ برانچوں میں منتقل کیا گیا اور 15 نومبر 2024 سے موثر، ہمارے بینک میں ٹرانسفر کیا گیا۔

گریڈ ریٹنگ:

پاکستان گریڈ ریٹنگ ایجنسی (پاکرا) نے، مستحکم پیش بینی کے ساتھ، بینک کی درمیانی سے طویل المدت کی ریٹنگ کو اے A سے بہتر بناتے ہوئے اسے اے پلس A+ اور قلیل المدت کی ریٹنگ کو اے اے ون (A1) کی سطح پر برقرار رکھا ہے۔

معاشی جائزہ:

عالمی معاشی منظر نامے خود کو درپیش چیلنجز کے باوجود، جون سے اب تک معمولی بہتری کے ساتھ، استحکام کا مظاہرہ کر رہا ہے۔ قرضوں کے بلند دباؤ، غیر یقینی پالیسیوں، موسم سے متعلق خدشات، جغرافیائی تنازعات، خاص طور پر مشرق وسطیٰ میں، اور عالمی تجارتی تعطل جیسے اہم خدشات تشویش کا باعث بنے ہوئے ہیں۔ بڑی معیشتوں میں قابل ذکر سست روی کو رونما کیے بغیر افراط زر کے دباؤ میں کمی دیکھی جا رہی ہے۔ جس سے مالیاتی پالیسی میں آسانی کی وسیع بنیاد تبدیل کی راہ ہموار ہوئی ہے۔ عالمی مالیاتی فنڈ (آئی ایم ایف) نے عالمی افراط زر کی شرح میں کمی کی توقع کرتے ہوئے سال 2023ء کے لیے 6.7 فیصد اور سال 2024ء کے لیے 5.7 فیصد پر تجویز کیا ہے۔ تاہم، یہ اقتصادی نمو، تغیر پذیری کے تسلسل کے اثرات کو، خاص طور پر کمزور معیشتوں میں، کئی طور پر زائل کرنے سے قاصر رہی ہے۔ ان مشکلات کے باوجود عالمی بینکاری کے شعبے، اس بہتر ہوتے مالیاتی صورتحال سے مستفید ہوتے ہوئے، استحکام کو برقرار رکھے ہوئے ہیں۔ آئی ایم ایف اور عالمی بینک نے عالمی معاشی نمو کا تخمینہ سال 2024ء کے لیے بالترتیب 3.2 فیصد (سال 2023ء) 3.3 فیصد اور 2.7 فیصد (سال 2023ء) 2.7 فیصد پر اندازہ کیا ہے جو کہ مستحکم مگر معمولی وسعت کے نمونے کی عکاس ہے۔ داخلی معیشت کو موضوع بحث بناتے ہوئے، پاکستان میں مالی سال 2025ء کی پہلی ششماہی میں مستحکم شرح تبادلہ، گرتے افراط زر اور مثبت حقیقی انٹرسٹ ریٹ کے ساتھ پاکستان میں ایک مثبت تحریک دیکھی گئی۔ آئی ایم ایف کی جانب سے 7 بلین امریکی ڈالرز کی ایکٹیو ڈیفنڈ فیسیلیٹی کی منظوری

اور ورلڈ بینک گروپ کی جانب سے 14 جنوری 2025ء کو 10 سالہ کنٹری پارٹرشپ فریم ورک کا اعلان پاکستان کے معاشی رخ پر بین الاقوامی اعتماد کا اظہار ہے۔ سرمایہ کاروں کے اعتماد میں مضبوطی کا عنصر بھی برقرار ہے جس کی عکاسی پاکستان اسٹاک ایکسچینج میں دسمبر 2023ء سے اب تک 84 فیصد کی بڑھوتی سے ہوتا ہے۔ مزید برآں، غیر ملکی زرمبادلہ کے ذخائر میں اضافے، کرنٹ اکاؤنٹ میں سرپلس اور نجی شعبے میں قرض کے حصول میں اضافے کے رجحان سے معاشی استحکام کو مزید مضبوطی اور تقویت حاصل ہوئی ہے۔ آئی ایم ایف نے، مالی سال 2024ء کے لیے جی ڈی پی کی نمو کی شرح 2.5 فیصد پر تجویز کی ہے جو کہ مالی سال 2023ء میں درج شدہ منفی 0.2 فیصد کی شرح سے قابل ذکر بحالی کا مظہر ہے۔

دسمبر 2024ء کے دوران، صارف قیمتوں کے قومی جدول (کنزیومر پرائس انڈیکس) میں نمایاں کمی دیکھی گئی۔ جو کہ دسمبر 2023ء کی 29.7 فیصد کی شرح کی نسبت، سال بہ سال کی بنیاد پر کمی کا اندراج کرتے ہوئے 4.1 فیصد کی شرح پر ریکارڈ ہوا۔ اس تیز ترین کمی میں ایشیا خورد و نوش کی قیمتوں میں کمی اور تیل کی عالمی قیمتوں کے مثبت رجحان کا بنیادی کردار رہا۔

اسٹیٹ بینک آف پاکستان نے مزید مستحکم افراط زر کی پیش بینی کو ظاہر کرتے ہوئے مالی سال 2025ء کے لیے سرخیل افراط زر کی شرح کی اوسط 5.5 فیصد سے 7.5 فیصد کی حد میں رہنے کی توقع کی ہے۔ اس کے رد عمل کے طور پر جون 2024ء سے جنوری 2025ء کے دوران، اسٹیٹ بینک آف پاکستان نے مالیاتی آسانی کے نمایاں اقدامات اٹھاتے ہوئے پالیسی ریٹ میں 1000 بیس پوائنٹس کی کمی کرتے ہوئے اس کی شرح کو 12 فیصد پر مقرر کیا ہے۔ جو کہ ایک مفاہمانہ مالیاتی بیانیہ کی طرف منتقلی کے رجحان کی جانب اشارہ کرتا ہے۔

اکتوبر 2024ء میں بڑے پیمانے کی پیداواری صنعت میں، اکتوبر 2023ء میں درج شدہ 5.79 فیصد کے سیکڑاؤ سے نمایاں بہتری کے ساتھ، سال بہ سال کی بنیاد پر، 0.02 فیصد کی معمولی نمو ریکارڈ ہوئی۔ کرنٹ اکاؤنٹ کا توازن، مالی سال 2025ء کے جولائی تا دسمبر کی مدت میں گزشتہ سال کے مماثل عرصہ کے حاصل شدہ 1.4 بلین امریکی ڈالر کے خسارے کے مقابلے میں 1.21 بلین امریکی ڈالر کے سرپلس پر درج ہوا۔ برآمدات 7.2 فیصد کے اضافے کے ساتھ 16.23 بلین امریکی ڈالر پر پہنچ گئیں۔ جبکہ درآمدات میں 9.3 فیصد کا اضافہ ہوا۔ جس کے باعث تجارتی خسارہ 11.51 بلین امریکی ڈالر تک شمار ہوا۔ افرادی ترسیلات زر 32.8 فیصد کے اضافے کے ساتھ 17.8 بلین امریکی ڈالر پر جا پہنچیں جس سے بیرونی اکاؤنٹ کو مزید استحکام حاصل ہوا۔ 31 دسمبر 2024ء تک غیر ملکی زرمبادلہ کے ذخائر 15.93 بلین امریکی ڈالر پر درج ہوئے۔ سرمایہ کاروں کے اعتماد میں بہتری کے رجحان کو ظاہر کرتے ہوئے کے ایس ای 100 - انڈیکس دسمبر 2023ء سے 52,676 پوائنٹس کے اضافے کے اندراج کے ساتھ 115,127 پوائنٹس پر بند ہوا۔ اسلامی بینکاری کی صنعت نے سال 2024ء کی پہلی ششماہی میں گُل اثاثہ جات میں 695 بلین روپے کے اضافے اور ڈیپازٹس میں 614 بلین روپے کی بڑھوتی کے ساتھ، قابل قدر نمو کا مظاہرہ کیا۔ جس کے نتیجے میں گُل اثاثہ جات، اس مدت میں 7.7 فیصد کی نمو ظاہر کرتے ہوئے 9,689 بلین روپے پر جا پہنچے اور اس طرح مارکیٹ کا 18.8 فیصد حصہ حاصل کیا۔ ڈیپازٹس کا گُل حجم 7,363 بلین روپے رہا جو کہ مارکیٹ کے 22.7 فیصد حصے اور 9.1 فیصد کی نمو کو ظاہر کرتا ہے۔ مزید برآں، جون 2024ء کے اختتام پر برانچ نیٹ ورک 5,196 تک وسیع ہو گئی۔ جس سے صنعت کے پھیلاؤ اور مالی شمولیت کو مزید تقویت حاصل ہوئی۔

خداشات کا انتظام (رسک مینجمنٹ)

بینک کے خداشات کے انتظام کا فریم ورک؛ گورننس، انتظامی ڈھانچے، پالیسیوں اور طریقہ کار، خداشات کی تخصیص کے طریقہ کار، سسٹمز (نظام)، خطرات و خداشات کے فوری اور جلد انتہا کے نظام اور رورٹنگ میکانزم کا احاطہ کرتا ہے۔ بورڈ کی حکمت عملی سے مکمل ہم آہنگ، ایک خود مختار اور آزاد رسک مینجمنٹ فنکشن، بین الاقوامی بہترین پریکٹس اور اسٹیٹ بینک آف پاکستان کے فراہم کردہ رہنمائی کے اصولوں پر عمل پیرا ہو کر تمام خداشات کے تعین، تجزیے، تدارک اور انکی گمرانی کے عمل کو یقینی بناتا ہے۔

رسک مینجمنٹ اینڈ پورٹ فولیو ریویو کمیٹی جو کہ بورڈ اور مینجمنٹ فنانس کمیٹی کی ایک ذیلی کمیٹی ہے، کریڈٹ، مارکیٹ، آپریشنل اور فراڈ کے خداشات کے بارے رہنمائی کے اصول وضع کرتی ہے۔ بینک چیلنجز کا سامنا کرنے کے لیے خداشات کو برداشت و جذب کرنے اور اس بدلتے کاروباری ماحول سے موثر طور پر نمٹنے کی اپنی صلاحیت کے بارے میں پر اعتماد ہے۔

مارکیٹ رسک کا انتظام، باز (BASEL) کے تناسب، سرمائے کی معقولیت کی داخلی جانچ، طرز عمل کے مطالعہ اور اسٹریٹجی ٹیسٹنگ کے ذریعے کیا جاتا ہے۔ بینک، عالمی مالیاتی رپورٹنگ اسٹینڈرڈ نمبر 9 کے نفاذ کے لیے اسٹیٹ بینک آف پاکستان کی جاری کردہ ہدایات کی مکمل تعمیل کو یقینی بنانے کے لیے مستعدی سے کام لیتا ہے۔

ہمارے اثاثہ جات و واجبات کے انتظام، سیالیت کی حکمت عملی اور کونٹینجی (Contingency) فنڈنگ پلان بروقت سیالیت کو یقینی بناتے ہوئے منافع میں اپنی شراکت کا کردار ادا کرتے ہیں۔ ایسٹ لیبیلیٹی کمیٹی (Asset Liability Committee) اثاثہ جات اور واجبات کے انتظام کی نگرانی کرتی ہے۔

کاروباری خداشات کا، ڈیٹا کو اکٹھے کرنے کے جامع نظام جس میں کاروباری نقصانات، حالیہ ضائع کیے گئے مواقع، کنٹرول میں ہونے والی کوتاہیوں اور خداشات پر قابو پانے کی مشقیں شامل ہیں، کے ذریعے تدارک کیا جاتا ہے۔ کاروبار کو جاری رکھنے اور کسی بھی مشکل و تباہی سے بچنے کے منصوبوں کی تواتر سے جانچ کی جاتی ہے اور بڑھتے خداشات سے آگاہی پر خصوصی توجہ کے لیے اسٹاف کی ٹریننگ کا اہتمام بھی اس کے ساتھ دیکھا جاتا ہے۔

فراڈ کے خداشات کے پیش قدم تدارک کے لیے ایک ڈیپارٹمنٹ مختص ہے جس میں ایک 24/7 فراڈ ڈیکشن یونٹ (Fraud Detection Unit) شامل ہے تاکہ ڈیجیٹل بینکنگ کے لین دین کی نگرانی کی جاسکے۔ آئی ٹی سیکورٹی کے خداشات کا تدارک خود کار نظام، خداشات کی باقاعدہ تشخیص، رسائی کے جائزے اور ایک سیکورٹی آپریٹرز سینٹر، جو 24/7 کام کرتا ہے، کے ذریعے کیا جاتا ہے۔

شریعی عدم تعیلات کے خداشات کا انتظام شریعی بورڈ، شریعی کمپلائنس کے ڈیپارٹمنٹ، شریعی آڈٹ ڈیپارٹمنٹ اور شریعی نمان کمپلائنس رسک مینجمنٹ کمیٹی کی مختص شدہ نگرانی کے ذریعے کیا جاتا ہے تاکہ شرعی اصولوں سے مکمل ہم آہنگی کو یقینی بنایا جاسکے۔

انٹرنل کنٹرول (اندرونی انضباط) کا بیانیہ:

بورڈ، اندرونی انضباط سے متعلق انتظامیہ کے بیانیہ بشمول فنانشل رپورٹنگ پرائزبل کنٹرول کے جائزے (آئی سی ایف آر ICFR) کی مکمل توثیق کرتا ہے۔ انتظامیہ کے اندرونی انضباط کا تفصیلی بیانیہ سالانہ رپورٹ میں شامل ہے۔

کوڈ آف کارپوریٹ گورننس اور کمپنیز ایکٹ 2017ء کے سیکشن 227 کے تحت بیانیہ:

بورڈ آف ڈائریکٹرز اس امر کو یقینی بنانے کے لیے مکمل پر عزم ہیں کہ سیکورٹی اینڈ ایکسچینج کمیشن آف پاکستان کی جانب سے وضع کردہ کارپوریٹ گورننس کے مطلوبات کو مکمل طور پر پورا کیا جائے۔ بینک نے گورننس کے بہترین اصولوں کو اختیار کیا ہے اور ڈائریکٹرز نہایت مسرت سے مندرجہ ذیل بیان کرتے ہیں:

- فنانشل اسٹیٹمنٹس بینک کے معاملات، کارکردگی، نقدی کے بہاؤ (کیش فلوز) اور ایکویٹی میں تبدیلیوں کا نہایت درستگی سے اظہار کرتی ہیں۔
- بینک کے اکاؤنٹس کی مکمل دستاویزات بھرپور تندرہی اور توجہ سے تیار کی گئی ہیں۔
- فنانشل اسٹیٹمنٹس کی تیاری میں اکاؤنٹنگ کی مخصوص پالیسیوں کا یکساں اطلاق کیا گیا ہے اور اکاؤنٹنگ کے تخمینے موزوں اور محتاط اندازوں پر مبنی ہیں۔
- فنانشل اسٹیٹمنٹس کی تیاری میں پاکستان میں قابل اطلاق انٹرنیشنل اکاؤنٹنگ اسٹینڈرڈز کو مد نظر رکھا گیا ہے اور اس سے کسی بھی انحراف کو وضاحت کے ساتھ بیان کیا گیا ہے۔

آڈیٹرز:

بینک کے ریٹائر ہونے والے آڈیٹرز میسرز اے۔ ایف فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹینٹس جو کہ دوبارہ تعیناتی کے اہل ہیں، نے اگلی مدت کے لیے بھی اپنی دستیابی اور رضامندی ظاہر کی ہے۔ آڈٹ کمیٹی کی سفارشات کے مطابق، بورڈ، میسرز اے ایف فرگوسن اینڈ کمپنی، چارٹرڈ اکاؤنٹینٹس کو 31 دسمبر 2025ء کو اختتام پذیر سال کے لیے قانونی (Statutory) آڈیٹرز کے طور پر بھی دوبارہ تعیناتی کی منظوری دیتا ہے۔

مستقبل کی پیش بینی:

سال 2024ء میں، عالمی معیشت نے دنیا بھر میں افراط زر میں کمی، جس کی رفتار اگرچہ قدرے ناہموار رہی، کے ساتھ بھرپور چلک کا مظاہرہ کیا۔ جبکہ ترقی یافتہ معیشتیں افراط زر کے اپنے معین کردہ ہدف کی سطح کے قریب پہنچ رہی ہیں اور دیگر متعدد ابھرتی منڈیوں اور ترقی پذیر معیشتوں (ای ایم ڈی ایز) کو افراط زر کے دباؤ کا مسلسل سامنا ہے۔ تاہم، منفی خدشات بھی اپنی جگہ برقرار ہیں، جن میں پالیسی کی بڑھتی غیر یقینی، تجارتی پالیسیوں میں تبدیلی، بڑھتے جغرافیائی سیاسی تنازعات، افراط زر کے مسلسل دباؤ اور موسمیاتی تبدیلی سے متعلقہ چیلنجز شامل ہیں۔ یہ خدشات، خاص طور پر کم آمدنی والی معیشتوں کے لیے زیادہ خطرے کا باعث ہیں۔ ان خدشات کا سامنا کرنے کے لیے عالمی اور قومی سطح پر فیصلہ کن پالیسی اقدامات کی ضرورت ہوگی۔ جن میں تجارت کے تحفظ، قرضہ جات کے دباؤ کے تدارک اور انسانی سرمائے اور انتظامی ڈھانچے میں سرمایہ کاری کے فروغ جیسے عوامل پر خصوصی توجہ مرکوز ہو۔ آئی ایم ایف نے عالمی سرخیلی افراط زر کی شرح سال 2024ء کی 5.7 فیصد کی سطح سے کمی کے ساتھ سال 2025ء کے لیے 4.2 فیصد پر تخمینہ کی ہے۔ دریں اثناء، آئی ایم ایف اور عالمی بینک کی جانب سے سال 2025ء میں عالمی پیش بینی کی شرح بالترتیب 3.3 فیصد (سال 2024: 3.2 فیصد) اور 2.7 فیصد (سال 2024: 2.7 فیصد) پر توقع کی گئی ہے جو کہ معتدل مگر مستحکم معاشی وسعت کا مظہر ہے۔

پاکستان کی معیشت کی پیش بینی میں محتاط طور پر مثبت رجحان برقرار ہے جس کا دارومدار نمایاں ڈھانچہ جاتی چیلنجز کے بروقت حل پر مبنی ہے۔ گرتا افراط زر، صنعتی ترقی اور کاروبار کے فروغ کا باعث بن سکتا ہے۔ جبکہ، معاشی غیر یقینی میں کمی کاروبار اور سرمایہ کاروں کی اعتماد سازی میں اضافے کی غماز ہے۔ جس کی بدولت سرمایہ کاری کے بہاؤ میں بڑھوتی ہوگی۔ تاہم، کلاں معاشی اشاریوں میں جاری استحکام کے باوجود، مالیاتی اور انضباطی پالیسیوں کو منظم اور دانشمندانہ رخ پر رکھنے کی توقع ہے۔ حکومت کے اقدامات، جدیدیت اور منفرد زرعی پریکٹس کے ذریعے اپنے کسانوں کو مدد فراہم کرنے میں اضافے کے مقصد سے مزین ہیں۔ اگرچہ، موسمی خدشات بھی اپنی جگہ برقرار ہیں۔ توانائی کے شعبے میں جامع اصلاحات، سرکاری ملکیتی ادارے اور موسمیاتی تبدیلی کا تدارک، پائیدار اور طویل المدت معاشی استحکام کے لیے ناگزیر ہے۔ آئی ایم ایف نے، پاکستان کی جی ڈی پی کی نمو کی شرح سال 2024ء کی 2.5 فیصد کی سطح سے بتدریج بحالی ظاہر کرتے ہوئے سال 2025ء کے لیے 3.0 فیصد پر تجویز کی ہے۔

بینکاری کا شعبہ، بڑھتے خطرات سے نبرد آزما ہے۔ خاص طور پر کریڈٹ آپریشنز اور سائبر سیکورٹی کے حوالے سے، جو کہ ڈیجیٹل مالیاتی خدمات میں ہونے والی تیز ترین ترقی کا شاخصانہ ہے۔ ان خدشات سے بچنے کے لیے اس شعبے کو اپنے اسٹریٹجک رسک مینجمنٹ کو مضبوط اور پیش قدم نقطہ نظر اختیار کرنے کی ضرورت ہے۔ ان ارتقائی خطرات کی مطابقت میں اسٹیٹ بینک آف پاکستان نے حال ہی میں نفع و نقصان کی تقسیم اور پول مینجمنٹ کے بارے اپنی رہنمائی کے اصولوں پر نظر ثانی کی ہے۔ اس ترمیم شدہ ہدایت کی روشنی میں اسلامی بینکوں کو اپنے پاکستانی روپے کے سیونگ ڈیپازٹس پر 75 فیصد کالم از کم منافع ادا کرنے کی پابندی عائد کی گئی ہے (ماسوائے مالیاتی اداروں، حکومتی ملکیتی اداروں اور پبلک لمیٹڈ کمپنیوں کے) جو کہ تمام پول کی کل آمدنی کی وٹھیڈ اوسط (Weighted Average) سے متعلقہ ہیں۔ جہاں یہ تبدیلیاں شفافیت میں بہتری اور مارکیٹ میں اپنی کارکردگی کے ذریعے ڈیپازٹرز کی آمدنی میں اچھی ہم آہنگی پیدا کرنے کا مقصد رکھتی ہیں، وہیں یہ اسلاک بینکنگ کے شعبے میں قلیل مدتی منافع کے خدشات کا باعث بھی ہیں۔

- کارپوریٹ گورننس کے بہترین معیار اور ضابطہ عمل سے کوئی قابل ذکر انحراف نہیں کیا گیا ہے۔

- بطور ادارہ بینک کے کام جاری رکھنے کی اہلیت میں کسی شک و شبہ کی گنجائش نہیں ہے۔

- 847.73 ملین روپے کا منافع سال 2024ء کے قانونی (statutory) ریزرو میں منتقل کیا گیا ہے۔

- اندرونی انضباط کا نظام مضبوط و خدوخال پر استوار کیا گیا ہے اور نہایت موثر انداز میں نافذ اور جانچا جاتا ہے۔

- 31 دسمبر 2024ء تک ایم سی بی بینک لمیٹڈ (ملکیتی کمپنی) کے پاس 1,554,999,993 حصص، جبکہ نان ایگزیکٹو ڈائریکٹرز کی ملکیت میں فی کس کے حساب سے 7 حصص رہے۔

- کوڈ آف کارپوریٹ گورننس کی تعمیلات کا بیانیہ سالانہ رپورٹ میں شامل ہے۔

- بورڈ کی تشکیل کارپوریٹ گورننس کے سیکشن میں درج کی گئی ہے۔

- بورڈ کی کمیٹیوں اور اسکے دائرہ کار و اختیار کو علیحدہ طور پر تحریر کیا گیا ہے۔

- بورڈ اور کمیٹی کے منعقد شدہ اجلاسوں بشمول ہر ڈائریکٹر کی شرکت کی تفصیل کو سالانہ رپورٹ کے کارپوریٹ گورننس کے سیکشن میں تحریر کیا گیا ہے۔

- ایسے اشخاص جو مالی سال کے دوران کسی بھی مدت کے لیے بینک کے ڈائریکٹر رہے ہیں، انکی تفصیل کو کارپوریٹ گورننس کے سیکشن میں تحریر کیا گیا ہے۔

- چیئرمین، پریزیڈنٹ/چیف ایگزیکٹو آفیسر (سی ای او) اور نان ایگزیکٹو ڈائریکٹرز بشمول آزاد ڈائریکٹرز کے معاوضہ کی تفصیل نوٹ 39 میں مہیا کی گئی ہے۔

- نان ایگزیکٹو ڈائریکٹرز تمام اجلاسوں میں شرکت کے عوض نہایت معقول اور مناسب معاوضہ وصول کرتے ہیں تاکہ انکی آزاد حیثیت کو یقینی بنایا جاسکے۔

- ایسے ڈائریکٹر جو کسی اجلاس میں شرکت نہیں کرتے انکو کسی معاوضے کی ادائیگی نہیں کی جاتی اور سرکولیشن کے ذریعے منظور کی گئی قراردادوں کے لیے بھی کوئی معاوضہ ادا نہیں کیا جاتا۔

- ڈائریکٹرز کے ٹریننگ پروگرام کی تفصیل، کوڈ آف کارپوریٹ گورننس کی تعمیلات کے بیانیہ میں درج کی گئی ہے۔

- گزشتہ 5 سال کا نمایاں کاروباری اور مالیاتی ڈیٹا سالانہ رپورٹ میں پیش کیا گیا ہے۔

- 31 دسمبر 2024ء تک پروویڈنٹ فنڈ کی سرمایہ کاری کی قدر بمطابق غیر آڈیٹڈ اکاؤنٹس 854.7 ملین روپے رہی۔

- بینک کے ذمہ کسی طرح کا کوئی ٹیکس/محصول، ڈیوٹی یا اس سے متعلقہ دیگر اخراجات واجب الادا نہیں ہیں۔

خیراتی فنڈز کا انتظام:

خیرات معاشرے کی ترقی و بود و باش کے فروغ میں بنیادی ستون کی حیثیت کی حامل ہے اور بینک بلا واسطہ یا بلا واسطہ دونوں طریقوں سے احسان کے اصول سے مکمل ہم آہنگی کے ساتھ اس عزم کا اعادہ کرتا ہے کہ معاشرے میں اس امر کو تقویت حاصل ہو۔

نظام کے غلط استعمال سے بچنے کی خاطر صارفین کو تاخیر سے ادائیگیاں کرنے کی صورت میں ایک خیراتی اکاؤنٹ میں مالی شمولیت اختیار کرنا پڑتی ہے۔ مزید برآں، شریعہ آڈٹ کے دوران، اگر کسی ایسی ٹرانزیکشن کی نشاندہی ہو جائے جو کہ مروجہ شریعہ کمپلائنس کے اصولوں سے ہٹ کر کی گئی ہو یا متصادم ہو تو ایسی ٹرانزیکشن سے حاصل ہونے والی تمام آمدنی خیراتی اکاؤنٹ میں منتقل کر دی جاتی ہے۔ سال 2024ء کے دوران، صارفین کی جانب سے، 21.5 ملین روپے کی خطیر رقم خیراتی اکاؤنٹ سے مختلف خیراتی اداروں کو انکی مدد کے لیے منتقل کی گئی۔ جیسا کہ فنانشل اسٹیٹمنٹس کے نوٹ نمبر 21.2 میں واضح کیا گیا ہے۔

بینک کے حصص کی ٹریڈنگ / کاروبار:

بینک فی الوقت ایک غیر لسٹڈ ادارہ ہے۔ لہذا اس کے ڈائریکٹرز، عہدہ داران اور ان کے شریک حیات اور نابالغ بچوں میں سے کسی نے بھی سال 2024ء کے دوران شیئرز کی خرید و فروخت سے متعلق کوئی لین دین نہیں کیا۔

آنے والے چیلنجز کے باوجود، ہم پائیدار نمو کے حصول کے اپنے عزم پر کاربند ہیں۔ ہماری حکمت عملی کا محور موثر لاگت کے ڈیپازٹس کے حصول، اثاثہ جات کے انتظام میں موزونیت اور اپنی ڈیجیٹل ہیٹ سازی کے عمل میں تیزی کے ذریعے، اپنے منافع کو بڑھانے پر ہے۔ ہم، ایک مضبوط آئی ٹی ڈھانچے، اپنے ملازمین کے اطمینان کو فوقیت اور اعلیٰ ترین پیمانے کی انتظامی سرگرمیوں کو اختیار کرنے میں مسلسل سرمایہ کاری کر رہے ہیں۔ ایک دوراندیش نقطہ نظر کے ساتھ ہم، اس ارتقاء پذیر بینکنگ کے منظر نامے سے نبرد آزما ہونے کے لیے سرکردہ پوزیشن کو برقرار رکھنے اور اپنی مسلسل محنت کے ساتھ مکمل طور پر مزین اور پر عزم ہیں۔

تسلیم و تحسین:

بورڈ آف ڈائریکٹرز اور مینجمنٹ کی جانب سے ہم اپنے معزز صارفین، قابل احترام کاروباری شراکت داروں اور سرگرم شہرہ بولڈرز کا اٹلے مسلسل اعتماد اور تعاون پر تہ دل سے مشکور ہیں۔ ہم اسٹیٹ بینک آف پاکستان، سیکیورٹی اینڈ ایکسچینج کمیشن آف پاکستان، دیگر انضباطی اداروں اور شریعہ بورڈ کی جاری معاونت اور رہنمائی کی بھی حوصلہ افزائی کرتے ہیں۔ علاوہ ازیں، ہم اپنے ملازمین کی خدمات کا پُر خلوص اعتراف کرتے ہیں جنکی ان تھک محنت اور عزم کی بدولت ادارے نے مشکل کاروباری ماحول میں بھی شاندار ترقی کی ہے۔

مخانب و برائے بورڈ آف ڈائریکٹرز:

REMUNERATION POLICY

MCB Islamic Bank is committed to fair and effective human resource and compensation strategies that align with its strategic objectives, organizational needs, and aspirations.

The Bank's Remuneration Policy is designed to foster a sound risk-aligned compensation culture in a transparent manner, ensuring the acquisition and retention of talent while achieving economic viability in line with stakeholder expectations. This Policy applies to all staff and strengthens the Bank's compensation practices by formalizing a system that promotes a pay-for-performance culture, and in addition it also complies with the State Bank of Pakistan's "Revised Guidelines on Remuneration Practices of Banking Companies – 2017" as well as with international best practices. The framework is objective, transparent, and designed to encourage performance, motivation, employee engagement, and retention. It also covers the identification of Material Risk Takers (MRTs) and Material Risk Controllers (MRCs), performance assessment through balanced scorecards, compensation structure, and deferral mechanisms.

The Board of Directors holds the responsibility for approving the Remuneration Policy. To support this, the Board has established the Human Resource and Remuneration Committee (HRRC), which recommends the structure, mechanisms, composition, and related aspects of the remuneration policy. At the management level, the HR function oversees the implementation of the overall remuneration policy.

Total staff compensation comprises fixed and variable remuneration. Fixed remuneration, which includes Basic Salary, allowances, perks and other benefits. It is determined by factors such as qualifications, experience, position criticality, organizational needs, functional titles, and market compensation benchmarks for similar roles. Variable remuneration, on the other hand, is performance-based and linked to pre-determined qualitative and quantitative factors, including but not limited to the Bank's strategy, business growth, financial targets, profitability, annual performance ratings, and cost minimization. Variable compensation includes Performance Bonuses, commissions, incentives, and allowances.

The Bank has identified specific functions and designations as MRTs and MRCs. MRTs include the President/CEO, Key Executives, direct reports of the President/CEO, and select senior functional positions. MRCs are responsible for identifying and mitigating risks undertaken by the Bank. They operate with suitable autonomy and authority, ensuring independent performance of their duties without influence from the functions they review. To maintain independence, the performance appraisal of MRC staff is not conducted by the business or risk-taking MRT functions they oversee.

Variable pay differentiation across employees or groups is based on individual performance ratings, categories (MRT/MRC/etc.), and grade hierarchy. These factors ensure that variable pay serves as a reliable indicator of performance and role contribution.

Balanced Scorecards are established for all MRTs and MRCs to facilitate objective and transparent performance evaluations. These scorecards include Goals, Key Performance Indicators (KPIs), and financial and non-financial targets. Progress against KPIs is reviewed and discussed between the President and his direct reports. Merit-based increases in fixed salary are determined using a matrix formula, while variable compensation is derived from individual performance scores based on the achievement of KPIs, goals, and targets.

As part of the remuneration mechanism, a portion of variable pay is subject to mandatory deferrals—two years for MRCs and three years for MRTs. This aligns employee interests with those of stakeholders and reinforces the principle of linking long-term sustainable performance to individual compensation.

شریعی گورننس اینڈ کمپلائنس

شریعی بورڈ ایک ایسا بنیادی میکانزم ہے جو اسلامی اور روایتی بینکوں کی گورننس میں امتیاز قائم کرتا ہے، علاوہ ازیں شریعی کمپلائنس میکانزم اس چیز کو یقینی بناتا ہے کہ بینک کے معاملات شریعی بورڈ کے فتاویٰ جات اور ہدایات کے مطابق ہوں۔ اسلامی بینک میں معاملات شریعت کے مطابق ہونے سے اس کی کارکردگی پر مثبت اثرات مرتب ہوتے ہیں۔ لہذا کسی بھی اسلامی بینک کے لئے لازم ہے کہ وہ شریعی بورڈ کے فراہم کردہ تمام فتاویٰ جات اور ہدایات پر سختی کے ساتھ کاربند ہو۔
مندرجہ بالا شریعی بورڈ کی مجالس کے علاوہ سال بھر تمام امور کی نگرانی میں شریعی کمپلائنس ڈیپارٹمنٹ نے اس کے ساتھ ہم آہنگی کو یقینی بنایا۔ شریعی کمپلائنس کسی بھی اسلامی مالیاتی ادارے کی ریڈھ کی ہڈی ہے۔ مزید برآں شریعی کمپلائنس کو پورے سال مد نظر رکھا جاتا ہے، جس کے نتیجے میں شریعی بورڈ کی بینک کے شرعی امور میں مستقل شمولیت اور مواصلاتی طریقہ کار کو بروئے کار لاتے ہوئے بینک کے مختلف النوع معاملات کی بروقت منظوری کو یقینی بنایا گیا۔ شریعی کمپلائنس ڈیپارٹمنٹ، شریعی نان کمپلائنس کے خطرات کو کم کرنے میں بھی مدد کرتا ہے اور یہ یقینی بناتا ہے کہ بینک کی آمدنی چیرٹی اکاؤنٹ میں نہ جائے۔

بورڈ آف ڈائریکٹرز اور ایگزیکٹو مینجمنٹ کا کردار

چونکہ بورڈ آف ڈائریکٹرز اور ایگزیکٹو مینٹین اس امر کے ذمہ دار ہیں کہ ایم سی بی اسلامک بینک کے جملہ معاملات شریعت کے اصولوں کے عین مطابق ہوں۔ بورڈ آف ڈائریکٹرز کو انویسٹمنٹ اکاؤنٹ ہولڈرز کے متعلق اپنی مستحکم اور با اعتماد ذمہ داریوں کا مکمل اور جامع فہم حاصل ہونا چاہیے، جو شیئر ہولڈرز کی طرح مالی خطرات کا سامنا کرتے ہیں۔ اس کے علاوہ، بینک کی ایگزیکٹو مینجمنٹ شریعی گورننس فریم ورک (SGF) کے مکمل اور موثر نفاذ کی ذمہ دار ہے، تاکہ شریعت کے اصولوں اور ہدایات کی تعمیل یقینی بنائی جاسکے۔ لہذا ہم (شریعی بورڈ) ایم سی بی اسلامک بینک کے شریعی کمپلائنس کی مجموعی صورت حال کے بارے میں ایک رپورٹ جمع کرانے کے پابند ہیں۔ 2024ء میں شریعی بورڈ کے بورڈ آف ڈائریکٹرز کے ساتھ رسمی اجلاس درج ذیل تاریخوں میں منعقد ہوئے:

| | |
|-----------------|---|
| 13 جون 2024ء | شریعی بورڈ - بورڈ آف ڈائریکٹرز کا پہلا اجلاس |
| 21 اکتوبر 2024ء | شریعی بورڈ - بورڈ آف ڈائریکٹرز کا دوسرا اجلاس |

شریعیہ بورڈ اپنی جاری کردہ ہدایات و لائحہ عمل پر عملدرآمد کے اعتبار سے بینک کے منتظمین کی مسلسل اور جامع کوششوں کی تعریف اور حوصلہ افزائی کرتا ہے۔

شریعیہ کمپلائنس ڈیپارٹمنٹ

اسلامی بینکنس بنیادی طور پر مختلف جہتوں سے روایتی بینکوں سے جدا ہیں، ان کا بنیادی اصول شریعت پر کاربند ہونا ہے۔ اگر وہ شریعت پر کاربند نہیں ہوتے تو غیر شرعی معاملات کا احتمال بڑھ جاتا ہے۔ چنانچہ کسٹمر کے اعتماد کو بحال رکھنے کے لئے مضبوط و مستحکم بنیادوں پر شریعیہ کمپلائنس کی موجودگی ضروری ہے۔ اسی چیز کو مد نظر رکھتے ہوئے ایم سی بی اسلامک بینک کے شریعیہ بورڈ کی جاری کردہ چھ ہدایات و لائحہ عمل اور آٹھ فتاویٰ جات بھی موجود ہیں۔ ایم سی بی اسلامک بینک میں شریعیہ بورڈ کی جاری کردہ تمام ہدایات و لائحہ عمل اور فتاویٰ جات پر عملدرآمد کو ان کی اصل روح کے مطابق یقینی بنایا گیا ہے۔

شریعیہ کمپلائنس ڈیپارٹمنٹ نے اسٹیٹ بینک آف پاکستان کے اسلامی بینکاری ڈیپارٹمنٹ کی جانب سے جاری کردہ ہدایات پر عملدرآمد کو یقینی بنانے کے لئے بینک کے فرنٹ اور بیک آفس اسٹاف کے لئے اسلامی بینکاری کی ٹریننگ کے کئی پروگرامز منعقد کئے۔ L&D نے اسٹاف کی اسلامی بینکاری اور مالیاتی نظام کی معلومات تک آسان رسائی کے لئے کلاس روم سیشنز کا انعقاد کیا، اس کے ساتھ ساتھ لرننگ مینجمنٹ سسٹم (LMS) کے تحت آن لائن اسلامک بینکنگ ٹریننگ ماڈیولز

STATEMENT ON INTERNAL CONTROLS - YEAR 2024

The Management of MCB Islamic Bank (the "Bank") under the guidance of the Board of Directors, acknowledges its responsibility for establishing and maintaining an adequate and effective Internal Controls System with the main objectives of ensuring effectiveness and efficiency of operations, reliability of financial reporting and compliance with applicable laws and regulations.

The Internal Control System is a set of processes designed to identify, evaluate and mitigate the risk of failures and to help achieve overall business objectives of the Bank. All significant policies and procedural manuals are in place, which are reviewed, revised and improved to keep them current with latest activities and challenges. As a part of effective Internal Control System, the Board has established a formalized organizational structure within the Bank that provides clear demarcation of reporting and responsibility for ensuring proper assignment of authorities, segregations of duties and accountability towards the Bank. Defined authority limits have been established for each level within the Bank to approve acquisition and disposal of assets, approval of credit limits, writing-off items as well as approving expenses.

The Internal Control System evolves continuously and hence its evaluation is an ongoing process. This statement on internal controls is based on the management's assessment towards various aspects of the same. The said system of the Bank is designed to minimize and manage risks rather than eliminate the risk of failure to achieve the desired objectives; hence it can only provide reasonable assurance and not absolute assurance against material misstatement or loss.

Implementing State Bank of Pakistan (the "SBP") Guidelines on Internal Control has been the Bank's top priority, with concerted efforts made by every Group to improve the control environment at grassroot level by regularly reviewing and streamlining procedures, as well as imparting training. The Bank has completed all stages of Internal Controls over Financial Reporting (ICFR) roadmap. External Auditor's Long Form Reports (LFR) on the assessment of Bank ICFR for the years 2017, 2018 and 2019 have been submitted to SBP. For the year 2020 and onward, SBP has granted the Bank exemption from the requirement of ICFR assessment by External Auditors. We have followed the said SBP guidelines for management of significant risks and will continue further improvements.

Board's Audit Committee (BAC) has the authority and is empowered by the Board of Directors to review the adequacy and effectiveness of the Internal Controls System implemented by the Bank. Further, all significant and material finding of the Internal and external auditors as well as observations of the regulators are addressed on priority by the management and their status periodically reported to the BAC.

The BAC is supported by the Audit & RAR Group, independent from management, which forms an integral part of the governance processes. The Audit & RAR Group provides reasonable assurance through systematic and disciplined approach along with value-added recommendations on the adequacy and effectiveness of the Internal Controls System, and compliance with internal policies, procedures and applicable regulatory laws and regulations. Periodic updates on its activities and significant issues are submitted by the Audit & RAR Group to the BAC.

Back Office Governance and Special Projects Group (BOG & SPG) is entrusted with the responsibility to maintain the internal control documentation of significant areas, covering financial, operational, and compliance risks along with their mitigating controls, in coordination with all stakeholders. Business continuity planning is also being carried out by Back Office Governance and Special Projects Group (BOG & SPG) in coordination with all stakeholders to ensure smooth business operations without disruption.

Concerted efforts are made by every Group to improve the control environment at grassroot level by regularly reviewing and streamlining procedures to prevent and rectify control lapses as well as imparting training for improvement at various levels. Compliance & Control Group (CCG) of the Bank through its specialized teams and centralized automated solutions, also oversees adherence to the regulatory requirements, with specific emphasis on Anti-Money Laundering (AML) / Combating Financing to Terrorism (CFT)/ Countering Proliferation Financing (CPF). Compliance and Control Group conducts on-site and off-site reviews of various entities and also facilitates training sessions on Anti-Money Laundering (AML), Combating Financing to Terrorism (CFT) & Countering Proliferation Financing (CPF) for staff through various tools. Further CCG has implemented various dimensions of Compliance Risk Management Guidelines issued by the regulator including automated system to manage to Compliance Risk of the Bank. In addition, "Compliance Committee of Management" oversees the handling of Compliance Risk of the Bank and facilitate in implementing policies, processes and procedures to manage this risk. Furthermore, based on the observations and weakness identified by the Internal and External Auditors, CCG and Shari'ah Compliance teams, remediation of the control deficiencies are brought about by the management.

Bank's Risk Management function also plays its role in ongoing strengthening of the Bank's Internal Controls System, through operational risk data collection and conducting Risk and Control Self-Assessment exercise on bank wide basis and cyber security controls. The Bank has adopted top down approach for Risk Assessment. Further, the bank has also adopted the integrated Framework on Internal Controls issued by the Committee of Sponsoring Organization of the Treadway Commission (COSO) for implementation in light of the SBP's Internal Control Guidelines. Risk Management Function is also actively engaged in creating risk awareness through staff training sessions in the areas of Operational Risk and Fraud Risk.

Based upon the results derived through ongoing testing of financial reporting controls and internal audits carried out during the year, the management considers that the Bank's existing Internal Control System is adequate and has been effectively implemented and monitored. The management will continue enhancing its coverage and compliance with the SBP Guidelines on Internal Control and further strengthening its control environment on an ongoing basis.

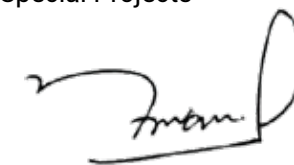

Based on the above, the Board of Directors has duly endorsed management's evaluation of internal controls including ICFR in the Directors report.

INDEPENDENT AUDITOR'S REVIEW REPORT

To the members of MCB Islamic Bank Limited

REVIEW REPORT ON THE STATEMENT OF COMPLIANCE CONTAINED IN LISTED COMPANIES (CODE OF CORPORATE GOVERNANCE) REGULATIONS, 2019

We have reviewed the enclosed Statement of Compliance with the Listed Companies (Code of Corporate Governance) Regulations, 2019 (the Regulations) prepared by the Board of Directors of MCB Islamic Bank Limited (the Bank) for the year ended December 31, 2024 in accordance with the requirements of regulation 36 of the Regulations.

The responsibility for compliance with the Regulations is that of the Board of Directors of the Bank. Our responsibility is to review whether the Statement of Compliance reflects the status of the Bank's compliance with the provisions of the Regulations and report if it does not and to highlight any non-compliance with the requirements of the Regulations. A review is limited primarily to inquiries of the Bank's personnel and review of various documents prepared by the Bank to comply with the Regulations.

As a part of our audit of the financial statements we are required to obtain an understanding of the accounting and internal control systems sufficient to plan the audit and develop an effective audit approach. We are not required to consider whether the Board of Directors' statement on internal control covers all risks and controls or to form an opinion on the effectiveness of such internal controls, the Bank's corporate governance procedures and risks.

The Regulations require the Bank to place before the Audit Committee, and upon recommendation of the Audit Committee, place before the Board of Directors for their review and approval, its related party transactions. We are only required and have ensured compliance of this requirement to the extent of the approval of the related party transactions by the Board of Directors upon recommendation of the Audit Committee.

Based on our review, nothing has come to our attention which causes us to believe that the Statement of Compliance does not appropriately reflect the Bank's compliance, in all material respects, with the requirements contained in the Regulations as applicable to the Bank for the year ended December 31, 2024.

RESPONSIBILITIES OF MANAGEMENT AND BOARD OF DIRECTORS FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the accounting and reporting standards as applicable in Pakistan, the requirements of the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Bank's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Bank or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Bank's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs as applicable in Pakistan will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with ISAs as applicable in Pakistan, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Bank's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Bank's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Bank to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Board of Directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

1. Based on our audit, we further report that in our opinion:
 - a. proper books of account have been kept by the Bank as required by the Companies Act, 2017 (XIX of 2017) and the returns referred above from the branches have been found adequate for the purpose of our audit;
 - b. the statement of financial position, the statement of profit and loss account, the statement of comprehensive income, the statement of changes in equity and cash flow statement together with the notes thereon have been drawn up in conformity with the Banking Companies Ordinance, 1962 and the Companies Act, 2017 (XIX of 2017) and are in agreement with the books of account and returns;
 - c. investments made, expenditure incurred and guarantees extended during the year were in accordance with the objects and powers of the Bank and the transactions of the Bank which have come to our notice have been within the powers of the Bank; and

2.3 Adoption of new forms for the preparation of annual financial statements

The SBP, vide its BPRD Circular No. 02 dated February 09, 2023, issued the revised forms for the preparation of the annual financial statements of the Banks. The implementation of the revised forms has resulted in certain changes to the presentation and disclosures of various elements of the annual financial statements. Right of use assets and corresponding lease liability are now presented separately on the face of the Statement of financial position. Previously, these were presented under property and equipment (earlier titled as fixed assets) and other liabilities respectively. There is no impact of this change on the annual financial statements in terms of recognition and measurement of assets and liabilities.

3 STATEMENT OF COMPLIANCE

3.1 These financial statements have been prepared in accordance with the accounting and reporting standards as applicable in Pakistan. The accounting and reporting standards as applicable in Pakistan comprise of:

- International Financial Reporting Standards (IFRSs) issued by the International Accounting Standards Board (IASB) as are notified under the Companies Act, 2017;
- Islamic Financial Accounting Standards (IFAS) issued by the Institute of Chartered Accountants of Pakistan as are notified under the Companies Act, 2017;
- Provisions of and directives issued under the Banking Companies Ordinance, 1962 and the Companies Act, 2017; and
- Directives issued by the State Bank of Pakistan (SBP) and the Securities and Exchange Commission of Pakistan (SECP).

Whenever the requirements of the Banking Companies Ordinance, 1962, Companies Act, 2017 or the directives issued by the SBP and the SECP differ with the requirements of IFRS or IFAS, requirements of the Banking Companies Ordinance, 1962, the Companies Act, 2017 and the said directives shall prevail.

3.2 Standards, interpretations and amendments to published approved accounting standards that are effective in the current year

There are certain new and amended standards, issued by International Accounting Standards Board (IASB), interpretations and amendments that are mandatory for the Bank's accounting periods beginning on or after January 1, 2024 but are considered not to be relevant or do not have any material effect on the Bank's operations and therefore are not detailed in these financial statements except for IFRS 9 'Financial Instruments', the impact of which is disclosed under note 5.2.

3.3 Standards, interpretations and amendments to published approved accounting standards that are not yet effective

The following other standards, amendments and interpretations of approved accounting standards are effective for accounting periods beginning on or after January 1, 2024:

| | Effective date (annual periods beginning on or after) |
|---|--|
| Amendments to IAS 21 - Lack of Exchangeability | January 1, 2025 |
| Amendments to IFRS 9 and IFRS 7 – Classification and Measurement of Financial Instruments | January 1, 2026 |
| IFRS 18 – Presentation and Disclosure in Financial Statements | January 1, 2027 |

4 BASIS OF MEASUREMENT

4.1 These financial statements have been prepared under the historical cost convention, except that certain classes of fixed assets are stated at revalued amounts and certain investments, foreign currency balances and commitments in respect of certain foreign exchange contracts have been marked to market and carried at fair value in accordance with the requirements of the SBP. In addition, obligations in respect of lease liabilities are carried at present value and right-of-use assets which are initially measured at an amount equal to the corresponding lease liability and depreciated over the respective lease terms.

Measurement of fair values

The Bank has an established control framework with respect to the measurement of fair values. The management regularly reviews significant observable and unobservable inputs and valuation adjustments. Fair values are categorized into different levels in a fair value hierarchy based on the inputs used in the valuation techniques. The valuation of financial assets and financial liabilities are categorized and disclosed in note 40.

4.2 These financial statements are presented in Pakistani Rupees, which is the Bank's functional and presentation currency.

5 MATERIAL ACCOUNTING POLICY INFORMATION

The material accounting policies applied in the preparation of these financial statements are consistent with those of the previous financial year.

5.1 Critical accounting estimates and judgments

The preparation of financial statements in conformity with the approved accounting standards requires the use of certain critical accounting estimates. It also requires the management to exercise its judgment in the process of applying the Bank's accounting policies. Estimates and judgments are continually evaluated and are based on historical experiences, including expectations of future events that are believed to be reasonable under the circumstances. Revisions to accounting estimates are recognized in the period in which the estimates are revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods. Critical accounting estimates and judgements applied in application of IFRS 9 have been disclosed under note 5.2. Other major areas where various assumptions and estimates are significant to the Bank's financial statements or where judgment was exercised in the application of accounting policies are as follows:

a) Taxation

In making the estimates for income taxes currently payable by the Bank, the management considers the current income tax laws. Judgment is required to determine the amount of deferred tax assets that can be recognized, based upon the likely timing and the level of future taxable profits, together with future tax planning strategies.

b) Depreciation, amortization and revaluation of fixed assets

In making estimates of the depreciation / amortization method, the management uses the method which reflects the pattern in which economic benefits are expected to be consumed by the Bank. The method applied is reviewed at each financial year end and if there is a change in the expected pattern of consumption of the future economic benefits embodied in the assets, the method is changed to reflect the changed pattern. Such change is accounted for as change in accounting estimates in accordance with International Accounting Standard (IAS) 8 "Accounting Policies, Changes in Accounting Estimates and Errors". Further, the Bank estimates the revalued amount of land and buildings on a regular basis. The estimates are based on valuations carried out by independent professional valuers under the market conditions.

c) Lease term

The Bank applies judgment to determine the lease term for some lease contracts in which it is a lessee that include renewal options. The assessment of whether the Bank is reasonably certain to exercise such options impacts the lease term, which significantly affects the amount of lease liabilities and right-of-use assets recognised.

The accounting policies adopted in the preparation of these financial statements are consistent with those of the previous financial year.

5.2 IFRS 9 - 'Financial Instruments'

As per the SBP BPRD Circular Letter No. 07 dated April 13, 2023, IFRS 9 'Financial Instruments' is applicable on banks with effect from January 01, 2024. The standard addresses recognition, classification, measurement and derecognition of financial assets and financial liabilities. The standard also introduces a new impairment model for financial assets which requires recognition of impairment charge based on a forward looking 'Expected Credit Losses' (ECL) approach rather than the 'incurred credit losses' approach as previously followed. The ECL approach has an impact on all assets of the Bank which are exposed to credit risk.

The State Bank of Pakistan (SBP), through BPRD Circular Letter No. 16 dated July 19, 2024 and BPRD Circular Letter No. 01 dated January 22, 2025, has introduced amendments and provided clarifications on the implementation timelines of IFRS 9 to address industry concerns and ensure compliance. These circulars offer guidance on the measurement of unquoted equity securities, modification accounting and the maintenance of general provisions beyond Expected Credit Losses (ECL).

In accordance with the directives outlined in the aforementioned circulars, the Bank has incorporated the prescribed treatment in these financial statements. Furthermore, SBP has permitted Islamic Banking Institutions (IBIs) to continue applying Islamic Financial Accounting Standards (IFAS) 1 and 2 for revenue recognition where applicable, while maintaining the existing accounting methodology for other Islamic products until further instructions are issued. Had IFRS 9 been fully adopted, the financial impact on the Bank would have amounted to Rs. 496 million.

Income on performing loans and debt securities is recognized on a time proportion basis or using the effective interest rate (EIR) method, in accordance with contractual terms and as permitted by SBP. However, through letter No. BPRD/RPD/822456/25 dated January 22, 2025, SBP has granted specific approval to the Bank for a deferred implementation of the EIR methodology.

In preparation of these financial statements, the Bank has applied requirements of IFRS 9 and instructions issued by SBP, through various circulars, from the date of initial application of January 01, 2024 with a modified retrospective approach for restatement. As permitted by the transitional provisions of IFRS 9, the Bank has not restated comparative figures. Any adjustments to the carrying amounts of financial assets and liabilities at the date of transition were recognized in the opening retained earnings and other reserves at the beginning of the current year without restating the comparative figures.

5.2.1 Classification

Financial Assets

Under IFRS 9, existing categories of financial assets: Held for trading (HFT), Available for sale (AFS), Held to maturity (HTM) and loans and receivables have been replaced by:

- Financial assets at fair value through profit or loss account (FVTPL)
- Financial assets at fair value through other comprehensive income (FVOCI)
- Financial assets at amortised cost

Financial Liabilities

Under IFRS 9, the accounting for financial liabilities remains largely the same as before adoption of IFRS 9 and thus financial liabilities are being carried at amortised cost except for derivatives which are being measured at FVTPL.

5.2.2 Business model assessment

The Bank determines its business model at the level that best reflects how it manages groups of financial assets to achieve its business objective.

The Bank's business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- The objectives for the portfolio, in particular, whether the management's strategy focuses on earning contractual revenue, maintaining a particular yield profile, matching the duration of the financial assets to the duration of the liabilities that are funding those assets or realising cash flows through the sale of the assets;
- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the Bank's key management personnel;
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed; and

- The expected frequency, value and timing of sale are also important aspects of the Bank's assessment. However, information about sales activity is not considered in isolation, but as part of an overall assessment of how the Bank's stated objective for managing the financial assets is achieved and how cash flows are realised.

The business model assessment is based on reasonably expected scenarios without taking 'worst case' or 'stress case' scenarios into account.

Eventually, the financial assets fall under either of the following three business models:

- Hold to Collect (HTC) business model: Holding assets in order to collect contractual cash flows
- Hold to Collect and Sell (HTC&S) business model: Collecting contractual cash flows and selling financial assets
- Other business models: Resulting in classification of financial assets as FVTPL

5.2.3 Assessments whether contractual cash flows are solely payments of principal and profit (SPPI)

As a second step of its classification process, the Bank assesses the contractual terms of financial assets to identify whether they meet the SPPI test. 'Principal' for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset (for example, if there are repayments of principal or amortisation of the premium / discount). The most significant elements of profit within a financing arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Bank applies judgment and considers relevant factors such as, but not limited to, the currency in which the financial asset is denominated, and the period for which the profit rate is set. Where the contractual terms introduce exposure to risk or volatility that are inconsistent with basic lending arrangement, the related financial asset is classified and measured at FVTPL.

5.2.4 Application to the Bank's financial assets

Debt based financial assets

Debt based financial assets held by the Bank include: advances, lending to financial institutions, investment in federal government securities, corporate bonds and other private sukus, cash and balances with treasury banks, balances with other banks, and other financial assets.

- These are measured at amortised cost if they meet both of the following conditions and are not designated as FVTPL:
 - the asset are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
 - the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.
- Debt based financial assets are measured at FVOCI only if these meet both of the following conditions and are not designated as FVTPL:
 - the asset are held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets; and
 - the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest / profit on the principal amount outstanding.

- Debt based financial assets if these are held for trading purposes are classified as measured at FVTPL.

In addition, on initial recognition, the Bank may irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

The application of these policies also resulted in classifications and consequent remeasurements of certain investments in Ijarah Sukuk held under available for sale portfolio as of December 31, 2023 to hold to collect based on the business model assessment. The following table reconciles their carrying amounts as reported on December 31, 2023 to the carrying amounts under IFRS 9 on transition to IFRS 9 on January 01, 2024:

| Investment type and category | Balances as of December 31, 2023 (Audited) | IFRS 9 Classification | Balances as of December 31, 2023 | Remeasreuments | Balances as of January 01, 2024 - before ECL |
|----------------------------------|--|-----------------------|----------------------------------|----------------|--|
| Rupees in thousands | | | | | |
| Non Government Securities | | | | | |

| | 770,000 | | 770,000 | - | 770,000 |

Equity based financial assets

An equity instrument held by the Bank for trading purposes is classified as measured at FVTPL. On initial recognition of an equity investment that is not held for trading, the Bank may irrevocably elect to present subsequent changes in fair value in OCI. This election is made on an investment-by-investment basis. The Bank has decided to classify Rs. NIL out of its its available for sale equity investment (listed shares) portfolio as of December 31, 2023 as FVTPL.

IFRS 9 has eliminated impairment assessment requirements for investments in equity instruments. Accordingly, the Bank has reclassified impairment of Rs. NIL on listed equity investments and Rs. NIL for unlisted equity investment held as at December 31, 2023 to surplus / deficit on revaluation of investments through remeasurements.

The measurement category and carrying amount of financial assets in accordance with the accounting and reporting standards as applicable in Pakistan before and after adoption of IFRS 9 as at January 1, 2024 are compared as follows:

| Financial assets | Before adoption of IFRS 9* | | After adoption of IFRS 9 | |
|--|----------------------------|---|---|---|
| | Measurement category | Carrying amount as at December 31, 2023 | Measurement category | Carrying amount as at December 31, 2023 |

5.2.5 Initial recognition and subsequent measurement

Financial assets and financial liabilities are recognised when the entity becomes party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade date, the date on which the Bank purchases or sells the asset. Other financial assets and liabilities like advances, lending to financial institutions, deposits etc. are recognised when funds are transferred to the customers' account or financial institutions. However, for cases, where funds are transferred on deferred payment basis, recognition is done when underlying asset is purchased.

a) Amortised cost (AC)

Financial assets and financial liabilities under amortised cost category are initially recognised at fair value adjusted for directly attributable transaction cost. These are subsequently measured at amortised cost. An expected credit loss allowance (ECL) is recognised for financial assets in the statement of profit and loss account. Interest income / profit / expense on these assets / liabilities are recognised in the statement of profit and loss account. On derecognition of these financial assets and liabilities, capital gain / loss will be recognised in the statement of profit and loss account.

b) Fair value through other comprehensive income (FVOCI)

Financial assets under FVOCI category are initially recognised at fair value adjusted for directly attributable transaction cost. These assets are subsequently measured at fair value with changes recorded in OCI. An expected credit loss allowance (ECL) is recognised for debt based financial assets in the statement of profit and loss account. Interest / profit / dividend income on these assets are recognised in the statement of profit and loss account. On derecognition of debt based financial assets, capital gain / loss will be recognised in the statement of profit and loss account. For equity based financial assets classified as FVOCI, capital gain / loss is transferred from surplus / deficit to unappropriated profit.

c) Fair value through profit or loss (FVTPL)

Financial assets under FVTPL category are initially recognised at fair value. Transaction cost will be directly recorded in the statement of profit and loss account. These assets are subsequently measured at fair value with changes recorded in the statement of profit and loss account. Interest / dividend income on these assets are recognised in the statement of profit and loss account. On derecognition of these financial assets, capital gain / loss will be recognised in the statement of profit and loss account. An expected credit loss allowance (ECL) is not recognised for these financial assets.

5.2.6 Derecognition

Financial assets

The Bank derecognises a financial asset when:

- the contractual rights to the cash flows from the financial asset expire;
- it transfers the rights to receive the contractual cash flows in a transaction in which either:
 - substantially all of the risks and rewards of ownership of the financial asset are transferred; or
 - the Bank neither transfers nor retains substantially all of the risks and rewards of ownership and it does not retain control of financial assets

The Bank enters into transactions whereby it transfers assets recognised in its statement of financial position, but retains either all or substantially all of the risks and rewards of the transferred assets. In these cases, the transferred assets are not derecognised.

Financial liabilities

The Bank derecognises a financial liability when its contractual obligations are discharged or cancelled, or expired. The Bank also derecognises a financial liability when its terms are modified and the cash flows of the modified liability are substantially different, in which case a new financial liability based on the modified terms is recognised at fair value.

On derecognition of a financial liability, the difference between the carrying amount extinguished and the consideration paid (including any non-cash assets transferred or liabilities assumed) is recognised in the statement of profit and loss account.

5.2.7 Modification

The Bank sometimes renegotiates or otherwise modifies the contractual cash flows of financing to its customers. When the contractual cash flows of a financial asset are renegotiated or otherwise modified and the renegotiation or modification does not result in the derecognition of that financial asset in accordance with IFRS 9, the Bank recalculates the gross carrying amount of the financial asset to recognise a modification gain or loss in the statement of profit and loss account. The gross carrying amount of the financial asset is recalculated as the present value of the renegotiated or modified contractual cash flows that are discounted at the financial asset's original effective profit rate (or credit-adjusted effective profit rate for purchased or originated credit-impaired financial assets). Any costs or fees incurred adjust the carrying amount of the modified financial asset and are amortised over the remaining term of the modified financial asset.

5.2.8 Expected Credit Loss (ECL)

The Bank assesses on a forward-looking basis the expected credit losses ('ECL') associated with all advances and other debt based financial assets not held at FVTPL, together with letter of credit, guarantees and unutilised financing commitments hereinafter referred to as "Financial Instruments". The Bank recognises a credit loss allowance for such losses at each reporting date. The measurement of ECL reflects:

- an unbiased and probability-weighted amount that is determined by evaluating a range of possible outcomes;
- the time value of money; and
- reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The ECL allowance is based on the credit losses expected to arise over the life of the asset (the lifetime expected credit loss or LTECL), unless there has been no significant increase in credit risk (SICR) since origination, in which case, the allowance is based on the 12 months' expected credit loss (12mECL). The 12mECL is the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. Both LTECLs and 12mECLs are calculated at facility level.

The Bank has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Bank uses a number of qualitative and quantitative measures in assessing SICR. Quantitative measures relate to deterioration of Obligor Risk Ratings (ORR) or where principal and / or interest payments are 60 days or more past due. Qualitative factors include unavailability of financial information and pending litigations. Based on the level of increase in credit risk, the Bank shall calculate 12mECL for assets which did not have a SICR i.e., stage 1 or a LTECL for the life of the asset (for assets which demonstrated a SICR) i.e., stage 2.

Based on the above process, the Bank groups its financial instruments into Stage 1, Stage 2 and Stage 3 as described below:

Stage 1: When financial instruments are first recognised, the Bank recognises an allowance based on 12mECLs. Stage 1 financial instruments also include facilities where the credit risk has improved and these have been reclassified from Stage 2. The 12mECL is calculated as the portion of LTECLs that represent the ECLs that result from default events on a financial instrument that are possible within the 12 months after the reporting date. The Bank calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date. These expected 12-month default probabilities are applied to a forecast Exposure At Default (EAD) and multiplied by the expected LGD and discounted by an approximation to the original Effective Interest Rate (EIR). This calculation is made for all the scenarios.

Stage 2: When a financial instrument has shown a significant increase in credit risk (SICR) since origination, the Bank records an allowance for the LTECLs. Stage 2 also includes facilities, where the credit risk has improved and the instrument has been reclassified from Stage 3. The mechanics are similar to those explained above, including the use of multiple scenarios, but PDs are applied over the lifetime of the instrument. The expected cash flows are discounted by an approximation to the original EIR.

Stage 3: For financial instruments considered credit-impaired, the Bank recognises the LTECLs for these instruments. The Bank uses a PD of 100% and LGD as computed for each portfolio / segment. When a financial instrument has shown a significant increase in credit risk (SICR) since origination, the Bank records an allowance for the LTECLs.

Guarantee and letter of credit contracts The Bank estimates ECLs based on the BASEL driven credit conversion factor (CCF) for guarantee and letter of credit contracts respectively. The calculation is made using a probability-weighting of the three scenarios. The ECLs related to guarantee and letter of credit contracts are recognised within other liabilities.

The calculation of ECLs

The Bank calculates ECLs based on a three probability-weighted scenarios to measure the expected cash flows, discounted at an approximation to the EIR. The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

| | |
|-----------------------------|---|
| Probability of default (PD) | The probability that a counterparty will default, calibrated over the 12 months from the reporting date (stage 1) or over the lifetime of the product (stage 2) and incorporating forward looking information. |
| Exposure at default (EAD) | the expected balance sheet exposure at the time of default, incorporating expectations on drawdowns, amortisation, pre-payments and forward-looking information where relevant. |
| Loss given default (LGD) | It is an estimate of magnitude of loss sustained on any facility upon default by a customer. It is expressed as a percentage of the exposure outstanding on the date of classification of an obligor. It is the difference between contractual cash flows due and those that the Bank expects to receive, including any form of collateral. |

The discount rate used to discount the ECLs is based on the effective interest rate that is expected to be charged over the expected period of exposure to the facilities. In the absence of computation of the effective interest rate (at reporting date), the Bank uses an approximation e.g. contractual rate (at reporting date).

As per BPRD Circular No. 03 of 2022 dated July 05, 2022 and BPRD Circular Letter No.16 of 2024 dated July 29, 2024, ECL of Stage 1 and Stage 2 is calculated as per IFRS 9, while ECL of Stage 3 has been calculated based on higher of either the Prudential Regulations or IFRS 9 at borrower / facility level.

Effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liabilities to the gross carrying amount of a financial asset or to the amortised cost of a financial liability.

When estimating the ECLs, the Bank considers three scenarios (a base case, an upside, a downside). Each of these is associated with different PDs.

The Bank's management has only considered cash, liquid securities, and Government of Pakistan guarantees as eligible collaterals, while calculating EADs.

The credit exposure (in local currency) that have been guaranteed by the Government and Government Securities are exempted from the application of ECL calculation.

Definition of default

The concept of 'impairment or default' is critical to the implementation of IFRS 9 as it drives determination of risk parameters, i.e. PD, LGD and EAD. The Bank has defined that an exposure with regards to a particular obligor will be treated as having defaulted when either one or both of the following two events have taken place:

- If a customer fails to service mark-up and / or principal within days past due (dpd) criteria as prescribed by SBP from time to time;
- The Bank considers that the obligor is unlikely to pay its credit obligations to the Bank in full, without recourse by the Bank to actions such as realizing security (if held).

Write-offs

The Bank's accounting policy under IFRS 9 remains the same as it was under SBP regulations / existing reporting framework.

5.2.9 Adoption impacts

The Bank has adopted IFRS 9 effective from January 01, 2024 with modified retrospective approach as permitted under IFRS 9. The cumulative impact of initial application of Rs. 910.723 million has been recorded as an adjustment to equity at the beginning of the current accounting period. The details of the impacts of initial application are tabulated below:

In Murabaha transactions, the Bank purchases the goods through its agent or client and after taking the possession, sells them to the customer on cost plus profit basis either in a spot or credit transaction.

Goods purchased but remained unsold at the statement of financial position date are recorded as inventories. Deferred income on Murabaha financing is adjusted against Murabaha receivable.

The Bank values its inventories at the lower of cost and net realizable value. The net realizable value is the estimated selling price in the ordinary course of business less the estimated cost necessary to make the sale. Cost of inventories represents actual purchases made by the Bank / customers as the agent of the Bank for subsequent sale.

5.7 Fixed and Intangible assets

5.7.1 Fixed assets

5.7.1.1 Capital work-in-progress

Capital work-in-progress is stated at cost less accumulated impairment losses, if any. These are transferred to specific assets as and when assets become available for use.

5.7.1.2 Property and equipment

Property and equipment, other than land are stated at cost or revalued amount less accumulated depreciation and accumulated impairment losses, if any. Land is carried at revalued amount.

Subsequent costs are included in the asset's carrying amount or are recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Bank and the cost of the item can be measured reliably. All other repairs and maintenance are charged to the profit and loss account.

Depreciation on all fixed assets is charged using the straight line method in accordance with the rates specified in note 11.2 to these financial statements and after taking into account residual value, if any. The residual values, useful lives and depreciation methods are reviewed and adjusted, if appropriate, at each balance sheet date.

Depreciation on additions is charged from the month the assets are available for use while no depreciation is charged in the month in which the assets are disposed off.

Surplus on revaluation of land and buildings is credited to the surplus on revaluation account. Revaluation is carried out with sufficient regularity to ensure that the carrying amount of assets does not differ materially from the fair value. To the extent of the incremental depreciation charged on the revalued assets, the related surplus on revaluation of land and buildings (net of deferred taxation) is transferred directly to unappropriated profit.

Gains / losses on sale of property and equipment are credited / charged to the profit and loss account, except the related surplus on revaluation of land and buildings (net of deferred taxation) which is transferred directly to unappropriated profit.

5.7.2 Intangible assets

5.7.2.1 Advance against purchase of software

Advance against purchase of software is stated at cost less accumulated impairment losses, if any. These are transferred to computer software as and when the related asset is received.

5.7.2.2 Computer software

Computer software are stated at cost less accumulated amortization and accumulated impairment losses, if any. Intangible assets are amortized from the month when these assets are available for use, using the straight line method, whereby the cost of the intangible assets are amortized over its estimated useful lives over which economic benefits are expected to flow to the Bank. The useful lives are reviewed and adjusted, if appropriate, at each balance sheet date.

5.8 Impairment

The carrying amount of assets are reviewed at each balance sheet date for impairment whenever events or changes in circumstances indicate that the carrying amounts of the assets may not be recoverable. If such indication exists and where the carrying value exceeds the estimated recoverable amount, assets are written down to their recoverable amounts. Recoverable amount is the greater of fair value and value in use. The resulting impairment loss is taken to the profit and loss account except for impairment loss on revalued assets, which is adjusted against the related revaluation surplus to the extent that the impairment loss does not exceed the surplus on revaluation of that asset.

5.9 IFRS 16 - Lease liability and right-of-use assets

The liability in respect of Ijarah (leases) of Musta'jir (lessee) are initially measured at the present value of the remaining Ijarah payments, discounted using the Banks's incremental borrowing rate. The Bank (being an Islamic bank) may acquire funds, if required, from other financial institution(s) under Shari'ah compliant modes. The Ijarah liability is subsequently measured at amortised cost using the effective borrowing rate and charged to profit and loss account. The carrying amount is remeasured / adjusted if there are changes in the future cash flows or the lease term.

The right-of-use asset is initially measured at cost, which comprises the initial amount of the Ijarah liability, adjusted for, as applicable, any Ujrah (lease) payments made at or before the commencement date. On subsequent measurement, right-of-use assets are stated at cost less any accumulated depreciation / accumulated impairment losses and are adjusted for any remeasurement of the Ijarah liability.

Right-of-use assets are depreciated on a straight line basis over the Ijarah term as this method closely reflects the expected pattern of consumption of future economic benefits and charged to profit and loss account. Carrying amount of the Ijarah liability is derecognised upon termination of the Ijarah contract with corresponding adjustment to right-of-use asset. Gain or loss on termination of Ijarah contract is recognised in the profit and loss account. The right-of-use assets are presented within note 12 and are subject to impairment in line with the Bank's policy as described in note 5.8.

The Bank has elected not to recognize a right-of-use asset and the corresponding Ijarah liability for short-term Ijarahs with terms of 12 months or less and Ijarahs of low-value assets. Payments associated with these Ijarah are recognized as an expense in the profit or loss account on a straight-line basis.

However, accounting for Ijarah of Muj'ir (lessors) remains the same as required under IFAS 02 i.e. Muj'ir continue to present assets subject to Ijarah according to the nature of the asset, distinguished from the assets in own use.

5.10 Deposits

Deposits are generated on the basis of two modes i.e. Qard and Mudaraba. Deposits are recorded at the proceeds received. The cost of deposits is recognized as an expense in the period in which this is incurred.

Deposits taken on Qard basis are classified as 'Current accounts' and Deposits generated on Mudaraba basis are classified as 'Savings deposits' or 'Fixed deposits'. No profit or loss is passed to current account depositors. However the funds of current accounts are treated as equity for the purpose of profit calculation and any profit earned / loss incurred on those funds are allocated to the equity of the Bank. While the product features of each product differ, there is usually no restriction on withdrawals or number of transactions in current and saving accounts. In case of fixed deposits, pre-mature withdrawals can be made as per approved terms only.

Profits realized in investment pools are distributed in pre-agreed profit sharing ratio between Rab-ul-Maal and Mudarib. Rab-ul-Maal share is distributed among depositors according to weightages assigned at the inception of profit calculation period. Rab-ul-Maal share is distributed among depositors according to weightages assigned at the inception of profit calculation period. Mudarib can distribute its share of profit to Rab-ul-Maal upto a maximum of 60% of their profit as Incentive profits (Hiba).

Profits are distributed from the pool such that the depositors (remunerative) only bear the risk of assets in the pool during the profit calculation period. In case of loss in a pool during the profit calculation period, the loss is distributed among the depositors (remunerative) according to their ratio of Investments.

Asset pools may be created at the Bank's discretion and the Bank may add, amend, and transfer an asset to any other pool in the interests of the deposit holders.

5.11 Pool Management

The Bank operates general and specific pools for deposits and inter-bank funds accepted / acquired under Mudaraba, Musharaka and Wakala modes.

Under the general deposits pool, the Bank accepts funds on Mudaraba basis from depositors (Rabb-ul-Maal) where the Bank acts as Manager (Mudarib) and invests the funds in the Shari'ah Compliant modes of financings, investments and placements. When utilising investing funds, the Bank prioritizes the funds received from depositors over the funds generated from own sources.

Specific pools may be operated for funds acquired / accepted from the SBP and other banks for Islamic Export Refinance to Bank's customers and liquidity management respectively under the Musharaka / Mudaraba modes. The Bank also maintains an Equity Pool which consists of Bank's equity and funds accepted on Qard (non-remunerative current deposit account) basis.

The profit of each deposit pool is calculated on all the remunerative assets booked by utilising the funds from the pool after deduction of expenses directly incurred in earning the income of such pool, if any. The directly related costs comprise of depreciation on Ijarah assets, takaful premium, documentation charges etc. No general or administrative expense is charged to pool. No provision against any non-performing asset of the pool is passed on to the pool except on the actual loss / write-off of such non-performing asset. The profit of the pool is shared between equity and other members of the pool on the basis of Musharaka at gross level (before charging of Mudarib fee) as per the investment ratio of the equity. The profit of the pool is shared among the members of the pool on pre-defined mechanism based on the weightages announced before the profit calculation period after charging of Mudarib fee. During the year, the Bank has given Hiba to the depositors of General Pool, keeping in view the prescribed guidelines of Pool Management provided by the SBP and with the approval of the Bank's Shariah Board. However, Hiba are given at the sole discretion of the Bank without any contractual commitment and can be withdrawn or reduced by the Bank at its sole discretion.

The deposits and funds accepted under the above mentioned pools are provided to diversified sectors and avenues of the economy / business as mentioned in the notes and are also invested in Government of Pakistan backed Ijarah Sukuks. Staff financings are exclusively financed from the equity pool.

The risk characteristic of each pool mainly depends on the assets and liability profile of each pool.

5.12 Taxation

Provision for current taxation is based on taxable income at the current rates of taxation after taking into consideration available tax credits and rebates. The charge for current tax also includes adjustments where considered necessary, relating to prior years which arise from assessments framed / finalized during the year and are disclosed separately.

Deferred

Deferred tax is recognised using the balance sheet liability method on all temporary differences between the amounts attributed to assets and liabilities for financial reporting purposes and amounts used for taxation purposes. The Bank records deferred tax assets / liabilities using the tax rates, enacted or substantively enacted by the balance sheet date expected to be applicable at the time of its reversal. Deferred tax assets are reviewed at each reporting date and are recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised. The Bank also recognises deferred tax asset / liability on deficit / surplus on revaluation of securities and deferred tax liability on surplus on revaluation of fixed assets which is adjusted against the related deficit / surplus in accordance with the requirements of International Accounting Standard (IAS) 12 'Income Taxes'.

In making the estimates for current and deferred taxes, the management considers the income tax law and the decisions of appellate authorities on certain issues in the past.

40 FAIR VALUE MEASUREMENT

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted securities, placements, Islamic financing and related assets, other assets, other liabilities, fixed term deposits and acceptances cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

The repricing profile with effective rates and maturity are stated in notes 42.2.5 and 42.4.1 respectively.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since assets and liabilities are either short-term in nature or re-priced over short term.

40.1 Fair value of financial asset

The Bank measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses the financial and non-financial assets carried at fair values, by valuation methods. For financial assets, the Bank essentially carries its investments in Sukuk and equity securities at fair values. Valuation of investments is carried out as per guidelines specified by the SBP. In case of non-financial assets, the Bank has adopted revaluation model (as per IAS 16) in respect of land and building.

The Minimum Capital Requirement of the Bank stands at Rs.10 Billion at the respective reporting dates and is in compliance with the required capital adequacy ratio including CCB (11.50% of the risk-weighted assets). Banking operations are categorized as either trading book or banking book and risk-weighted assets are determined according to specified requirements of the State Bank of Pakistan that seek to reflect the varying levels of risk attached to assets and off-balance sheet exposures. The total risk-weighted exposures comprise of the credit risk, market risk and operational risk.

The Bank has adopted Standardized Approach to measure Credit risk regulatory capital charge in compliance with Basel-III requirements. The Bank measures and manages Market Risk by using conventional methods i.e. notional amounts, sensitivity and combinations of various limits. Beside conventional methods, the Bank also uses VaR (Value at Risk) technique for market risk assessment of positions assumed by its Treasury and FX Group. In-house based solutions are used for calculating mark to market value of positions and generating VaR (value at risk) and sensitivity numbers. Thresholds for different positions are established to compare the expected losses at a given confidence level and over a specified time horizon. Currently, the Bank is reporting operational risk capital charge under Basic Indicator Approach (BIA).

Leverage Ratio (LR):

In order to avoid building-up excessive on and off-balance sheet leverage in the banking system, monitoring of Leverage Ratio is in place as per SBP directives with the following objectives:

- constrain the build-up of leverage in the banking sector which can damage the broader financial system and the economy; and
- reinforce the risk based requirements with an easy to understand and a non-risk based measure.

A minimum Tier 1 leverage ratio of 3% has been prescribed both at solo and consolidated level.

44.2 Market Risk

Market Risk arises from changes in market rates such as Profit / Yield Rates, Foreign Exchange Rates, Equity Prices, and / or commodity prices as well as their correlations and volatilities resulting in a loss to earnings and capital. The Bank is exposed to market risk primarily through its trading activities, which are centered in Treasury and FX Group.

The Bank's Market Risk Management structure consists of Risk Management & Portfolio Review Committee (RM&PRC) of the Board, Management Finance Committee of management and ALCO. There is an independent Market Risk Management Division reporting directly to Group Head Risk Management. Market Risk is an independent risk management function that works in close partnership with the business segments to identify and monitor market risks throughout the Bank and to define market risk policies and procedures. Market Risk seeks to facilitate efficient risk/return decisions, reduce volatility in operating performance and provide transparency into the Bank's market risk profile for senior management, the Board of Directors and regulators. Market risk authority, including both approval of market risk limits and approval of market risks is vested in the ALCO.

In line with regulatory requirements, the Bank has clearly defined, in its Risk Management policy, the positions which shall be subject to market risk. The definition covers the accounting classifications as well as positions booked by different business groups under "Available for Sale" category. The assets subject to trading book treatment are frequently, mostly on daily basis, valued and actively managed. The positions which do not fulfill the criteria of Trading book falls under the Banking Book and are treated as per SBP requirements.

The Bank measures and manages Market Risk by using conventional methods i.e. notional amounts, sensitivity and combinations of various limits. Bank has established a specific Market Risk Limit Policy providing guideline for assuming controlled market risk, its monitoring and management.

Beside conventional methods, the Bank also uses VaR (Value at Risk) technique for market risk assessment of positions assumed by its treasury and capital market groups. In-house based solutions are used for calculating mark to market value of positions and generating VaR (value at risk) and sensitivity numbers. Thresholds for different positions are established to compare the expected losses at a given confidence level and over a specified time horizon.

A framework of stress testing, scenario analysis and reverse stress tests of both banking and trading books as per SBP guidelines is also in place. The results of the stress tests are reviewed by senior management and also reported to the SBP.

44.2.2 Foreign Exchange Risk

Foreign exchange risk exposes the bank to changes in the values of current holdings and future cash flows denominated in currencies other than home currency due to the exchange rate fluctuation and volatility. The types of instruments exposed to this risk include foreign currency-denominated financing, foreign currency-denominated deposits, future cash flows in foreign currencies arising from foreign exchange transactions, etc.

The core objective of foreign exchange risk management is to ensure the foreign exchange exposure of the Bank remains within defined risk appetite and insulate the Bank against undue losses that may arise due to volatile movements in foreign exchange rates or profit rates.

44.2.3 Equity position risk

Bank's proprietary positions in the equity instruments expose it to the equity price risk in its trading and banking books. Equity price risk is managed by applying trading limit, scrip-wise and portfolio wise nominal limits. VaR analysis and stress testing of the equity portfolio are also performed and reported to senior management. The stress test for equity price risk assesses the impact of the fall in the stock market index using internal based assumptions.

44.2.4 Yield / Profit Rate Risk in the Banking Book - Basel II Specific

Yield rate sensitivity position for on-balance sheet instruments is based on the earlier of contractual re-pricing or maturity date and for off-balance sheet instruments is based on settlement date. Yield risk occurs when there is a mismatch between positions, which are subject to profit rate alterations within a particular time period. The Bank's financing, placement and investment activities give rise to profit rate risk. The effect of changes in profit rate is on the Bank's income, and resultant impact is on the Bank's net worth.

Profit rate risk is primarily managed by monitoring the rate sensitive gaps and by having the pre-approved limits for repricing buckets. ALCO is the supervising body for adherence with these, complemented by the monitoring of sensitivity of the Bank's financial assets and liabilities to various scenarios.

44.3 Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes, people, and systems or from external events. This definition includes legal risks but excludes strategic and reputational risks.

The Bank's operational risk management framework, as laid down in the operational risk policy, duly approved by the Board of Directors (BOD), is flexible enough to implement in stages and permits the overall risk management approach to evolve in the light of organizational learning and the future needs of the Bank. Operational loss events are reviewed and appropriate corrective actions are taken on an ongoing basis, including measures to improve control procedures with respect to design and operative effectiveness.

An independent Operational Risk Management Function has also been established within the Risk Management Group, as per the requirements of SBP Basel Framework and in line with the international best practice. This function is responsible to ensure that management of operational risk in the Bank is carried out in accordance with the bank's approved policies and frameworks.

Operational Risk Management helps the Bank understand risks and improve mitigating controls so as to minimize operational risks that are inherent in almost all areas of the Bank. Going forward, the Bank will further strengthen its risk function, policies and procedures to facilitate its operations and improve quality of assets to safeguard interest of depositors.

The key elements in the operational risk management process are:

- Risk Identification & Assessment
- Risk Monitoring & Reporting
- Risk Control & Mitigation

Operational Risk identification at the Bank is based on utilization of diversified tools including but not limited to internal and external loss / control breach / near miss incidents data collection, process reviews, internal / external audit / regulatory inspection observations, expert judgment and self-assessment etc. Since scope of operational risk spreads across different functions of the bank, roles and responsibilities regarding operational risk management also spread across all the groups in the bank. Governance structure involved in management of operational risk is as follows:

- Board of Directors
- Risk Management and Portfolio Review Committee (RM&PRC)
- President
- Risk Management Group (RMG)
- All Business and Support Groups

Based on the analysis of operational risks through maintenance of operational risk database, a periodic reporting of operational losses and significant risk events is being done for review of RM&PRC on quarterly basis. The strong control environment encompasses documented policies / procedures and systems in all key areas as effective risk mitigation tools.

The Bank is focusing on the following risk mitigation tools:

- Business Continuity Management / Disaster Recovery Planning
- Takaful
- Outsourcing

Continuous monitoring of the effectiveness of mitigants has been ensured through regular compliance reviews and independent validation by Internal / External Audit inspections.

Operational risk covers a broad range of risks and is useful to sub-divide operational risk into two main categories i.e. Internal Risks and External Risks.

Operational risk event types are further divided into seven types which are as under;

- Internal Fraud
- External Fraud
- Damage to Physical Assets
- Execution, delivery and process management
- Business disruption and system failure
- Employment practices and workplace safety
- Clients, products and business practices

Operational Risk-Disclosures Basel II Specific

Since the Bank currently being at infancy stage, is using Basic Indicator Approach (BIA) for allocation of capital charge for operational risk as the corner stone of capital allocation under advanced approaches of Basel II is the historical time series of operational loss data.

Operational loss data pertaining to key risk events is also collected on bank-wide basis. Periodic review and analysis will be prepared for senior management and Risk Management and Portfolio Review Committee (RM&PRC) of the Board. Such reports will cover the significant risk events with root cause analysis and recommendations for further improvements.

Business Continuity Planning & Health, Safety & Environment:

A comprehensive Business Continuity Plan is in place whereby all Branches & Head Office functions have developed their Alternate Sites which will be operational in case of emergency.

We have established minimum safety standards that all businesses, offices and branches of the Bank must adhere to and encourages all employees to promote the safety of their fellow employees and customers.

Fraud Risk Management:

- Fraud training awareness.
- Handling frauds related complaints and their resolution as per SBP directives including FDTH affairs.

Information Technology Security:

An independent IT Security division is in place to counter cyber security threats. However, this is a dynamic area and the bank is in the process of acquiring more solutions & implementing more controls. Broadly speaking, IT Security covers the following main areas in accordance with Board approved policy:

- Implement information security policy and associated process and controls
- Implement Access and Authentication controls
- Periodically conduct access review of privilege users.
- Periodically conduct Risk Assessment of critical information assets
- Periodically conduct internal / external vulnerability assessment and penetration testing of critical information assets.
- Information / cyber security awareness to be created amongst staff members.
- Incident response and lesson learned.
- Continuous communication to stakeholders
- Continuous improvement

Shari'ah Non Compliance Risk (SNCR):

The Bank is fully acquainted with SNCR and its potential implications on the reputation and business of the Bank. Therefore the Bank shall take adequate measures to address SNCR and ensure conformity of its operations with Shari'ah principles.

In addition to the Shari'ah Compliance Department, exclusively overseeing SNCR risk, the RM&PRC and senior management shall also play their role in monitoring the same.

All Shari'ah non-compliance events and transactions are reported to Shari'ah Non Compliance Risk Management Committee (SNCRMC), RM&PRC and BOD on quarterly basis by Shari'ah Compliance Department (SCD).

44.4 Liquidity Risk

Liquidity risk is the potential for loss to the Bank arising from either its inability to meet its obligations or to fund increases in assets as they fall due without incurring an unacceptable cost. The Bank's Board of Directors sets Bank's policy for managing liquidity risk and entrusts accountability for supervision of the implementation of this strategy to senior management. Senior management exercises its responsibilities for managing market & liquidity risk through various committees including the Asset & Liability Management Committee (ALCO). Treasury department manages the Bank's liquidity position on a daily basis. The Bank's main approach of managing the liquidity risk is to make certain that it will always have adequate liquidity to meet its liabilities when they are due in normal and stressed scenarios without incurring any untoward expenditure or risking reputational harm. ALCO monitors the maintenance of liquidity ratios, depositor's concentration both in terms of the overall funding mix and avoidance of undue reliance on large individual deposits. Regular liquidity stress testing is conducted under a variety of scenarios covering both normal and more severe market conditions. There is an Asset Liability Management Framework in place for focused handling of Liquidity. This framework also incorporates early warning indicators.

- 4 Special Musharaka Pool
- 5 Equity Pool

Features, risks and rewards of each pool are given below:

1 General Pool

The Bank manages one general pool for its depositors' (Rabbul Mal) maintaining deposits under Mudaraba in both local and foreign currencies and also commingled its equity in this pool. The income (gross income less direct expenses) generated from the pool is distributed between Bank's equity and depositors' fund in proportion to their respective share in the pool. Under the Mudaraba mechanism, the income so distributed to depositors' fund is shared between the Bank (Mudarib) and depositors' (Rabbul Mal) according to the pre-agreed profit sharing ratios and assigned weightages.

The deposits and funds accepted under the General Pool are deployed to diversified sectors and avenues of the economy / business mainly to 'Agriculture, Forestry & Fishing', 'Textile & Allied', 'Food & Allied', 'Distribution & Trade', 'Investment in Government of Pakistan Ijarah Sukuk', etc.

Parameters associated with risk and rewards

Following are the consideration attached with risk and reward of general pool:

- Period, return, safety, security and liquidity of investment.
- Financing proposals under process at various stages and likely to be extended in the near future.
- Expected amount of procurement of deposit during coming days as a result of concerted marketing efforts of the Bank.
- Element of risk attached to various types of investments.
- SBP rules and Shari'ah clearance.

2 Islamic Export Refinance Scheme (IERS) Musharaka Pool

The Bank manages IERS Musharaka Pool for funds accepted from SBP under IERS. Under the PLS mechanism, the Bank generates revenues from the pool funds which are shared with the SBP according to the pre-agreed profit sharing ratios. Musharaka investments from the SBP under IERS are channeled towards the export sector of the economy and other financings as per SBP guidelines.

3 Treasury Musharaka / Mudaraba Pools

The Bank accepts funds from other banks to manage its liquidity under Musharaka / Mudaraba mode. The funds accepted are tagged to remunerative assets having maturity on or after the period for which funds are accepted. The revenue generated from the pool asset is shared between the bank and other member of the pool according to pre-agreed profit sharing ratios or assigned weightages accordingly.

4 Special Musharaka Pool

The Bank also accepts funds / deposits (other than Banks) under Musharaka mode. The comingled funds under this arrangement are deployed in remunerative assets as per the terms of agreement. The revenue generated from these assets are then shared as per pre-agreed profit sharing ratio.

5 Equity Pool

The Equity Pool consists of Bank's equity and funds accepted on Qard (non-remunerative current deposit account) basis. The funds of this pool are invested in various assets or ventures which are higher in risk or having longer funding period. In addition to that all staff financings are financed by this pool. The risk of assets in the pool is borne by the Bank.

Charging of expenses

Direct expenses are being charged to respective pools, while indirect expenses such as general and administrative expenses are being borne by the Bank as Mudarib. No provision expense is charged to the pool unless it is written off. The direct expenses charged to the pool may include depreciation of Ijarah assets, premium amortization on Sukuk, impairment losses due to physical damages to specific assets in pools etc. However, this is not an exhaustive list; the Bank's pool management framework and the respective pool creation memo may identify and specify these and any other similar expenses to be charged to the pool.
